

Difference in score per codon Possible - Impossible for HMGCR

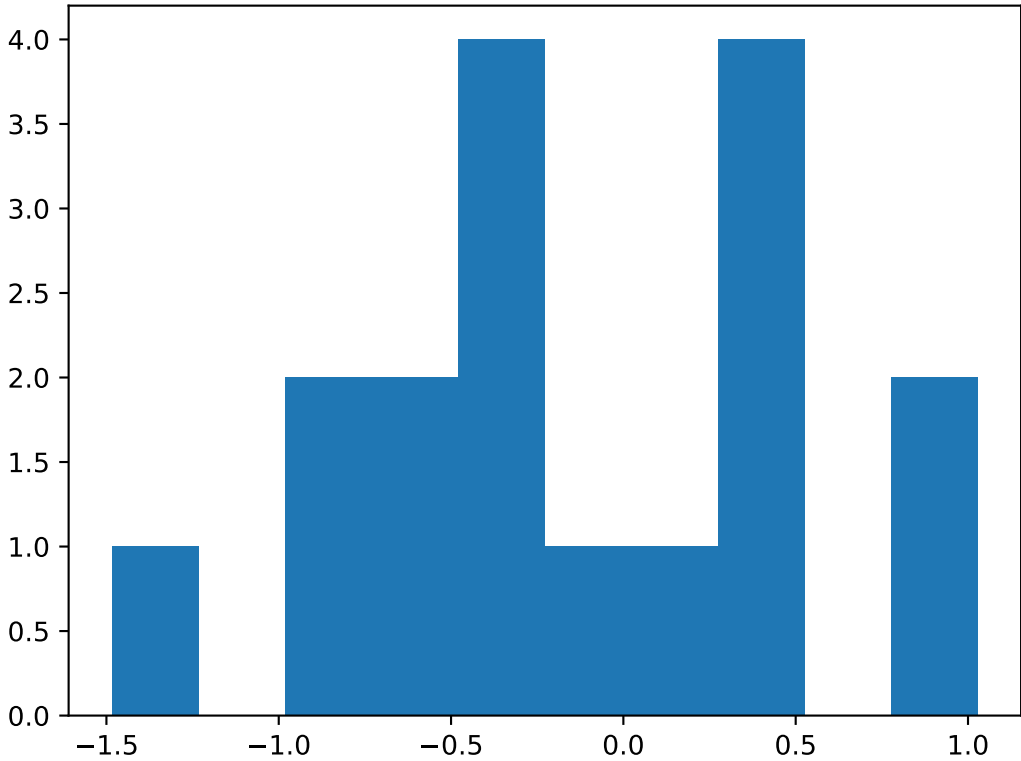

Difference in score per codon Possible - Impossible for HMGCR

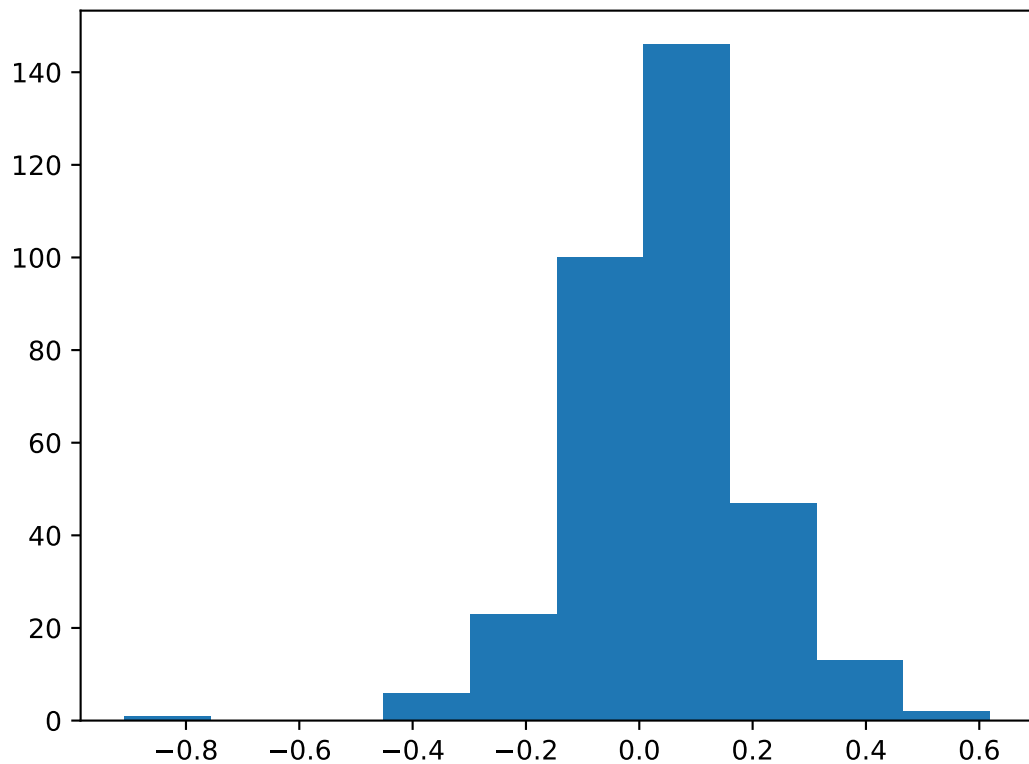

Difference in score per codon Possible - Impossible for HMGCR

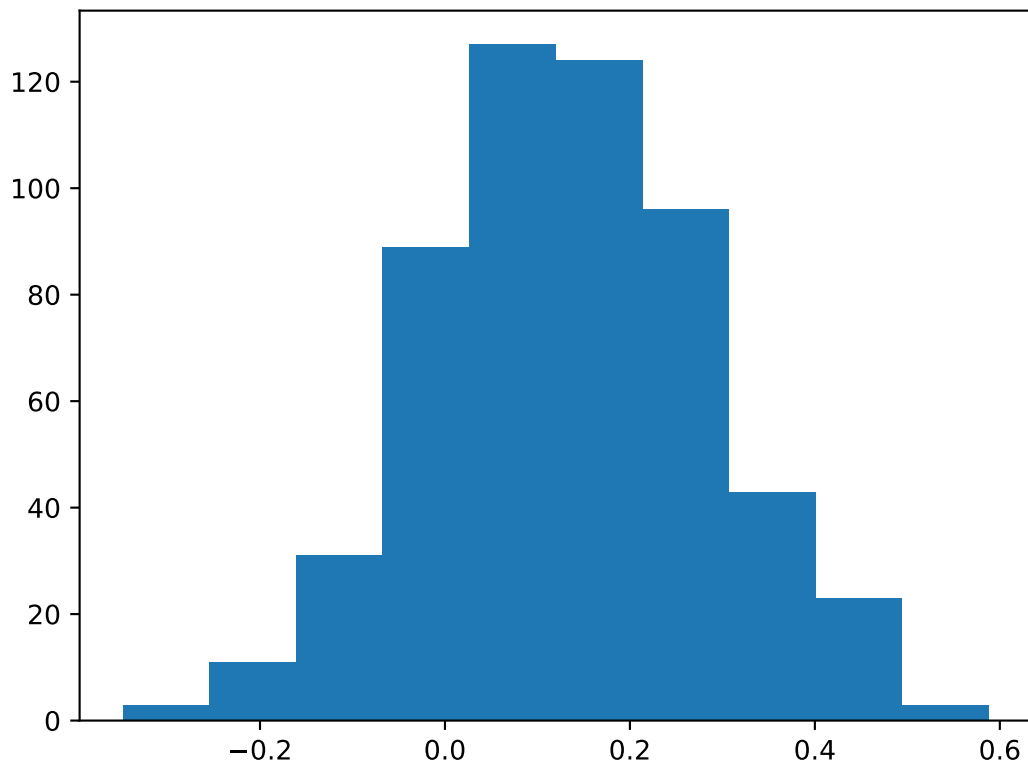

Difference in score per codon Possible - Impossible for hYAP65 WW domain

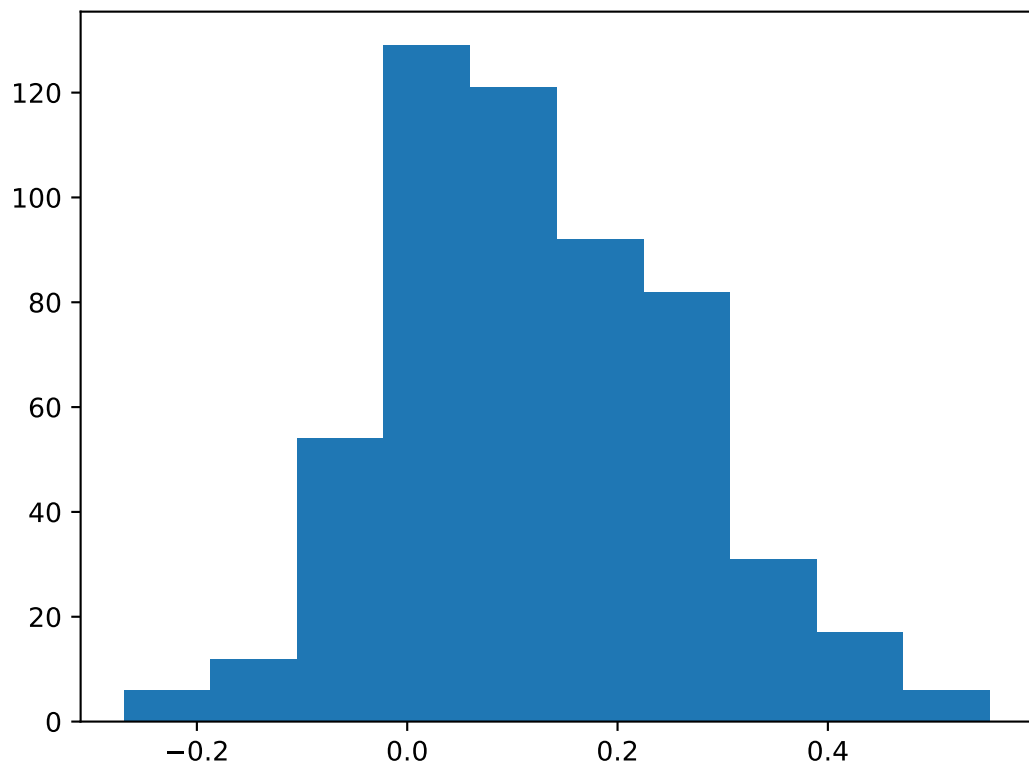

Difference in score per codon Possible - Impossible for PTEN

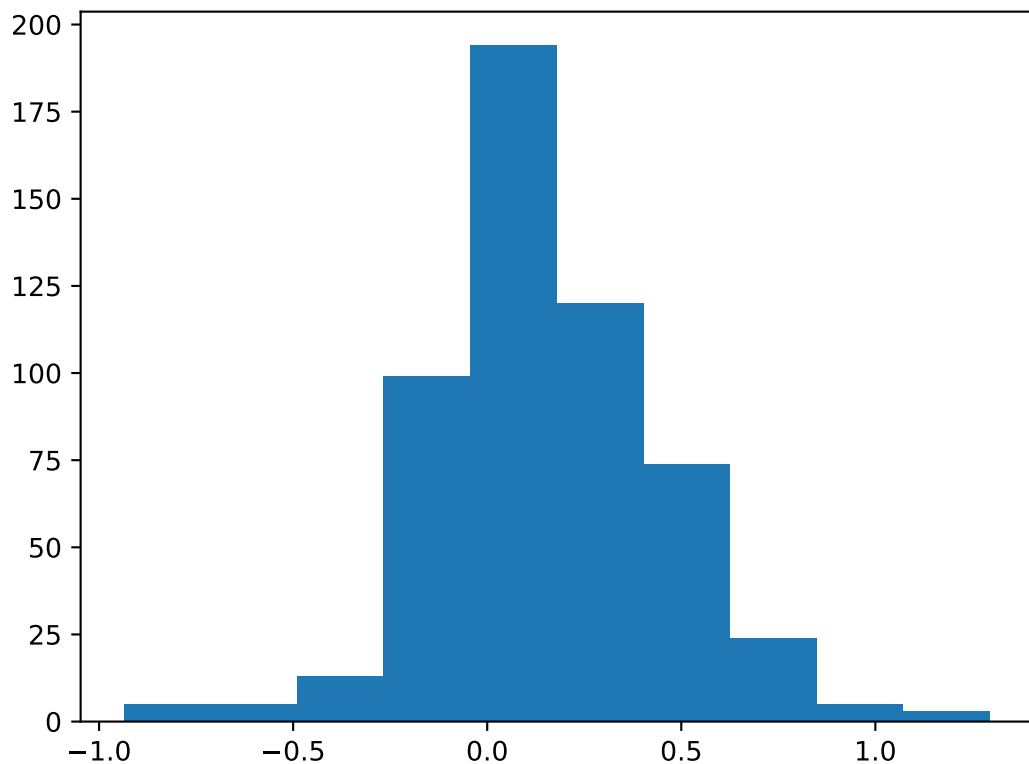

Difference in score per codon Possible - Impossible for CBS

Difference in score per codon Possible - Impossible for CBS

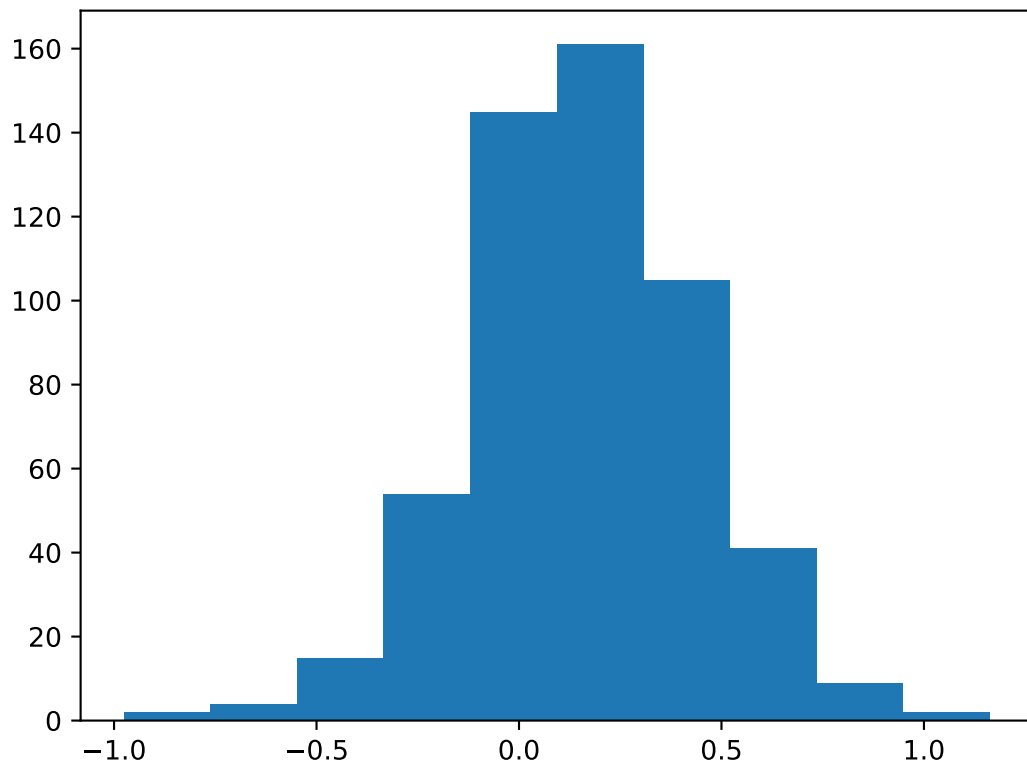

Difference in score per codon Possible - Impossible for CBS

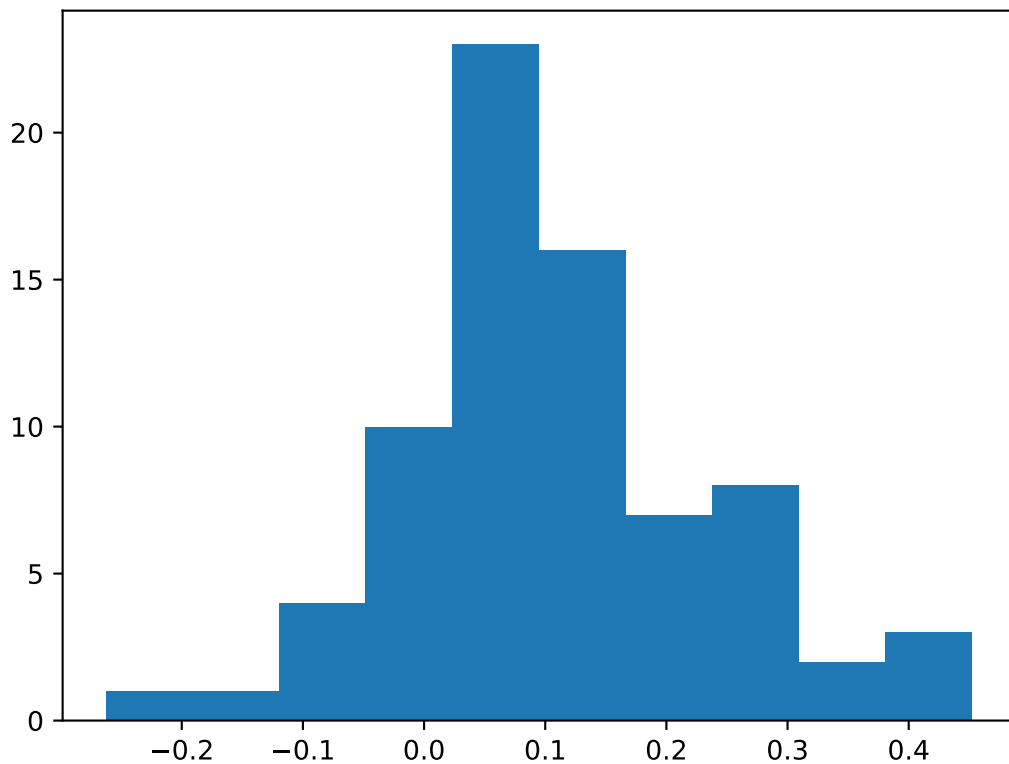

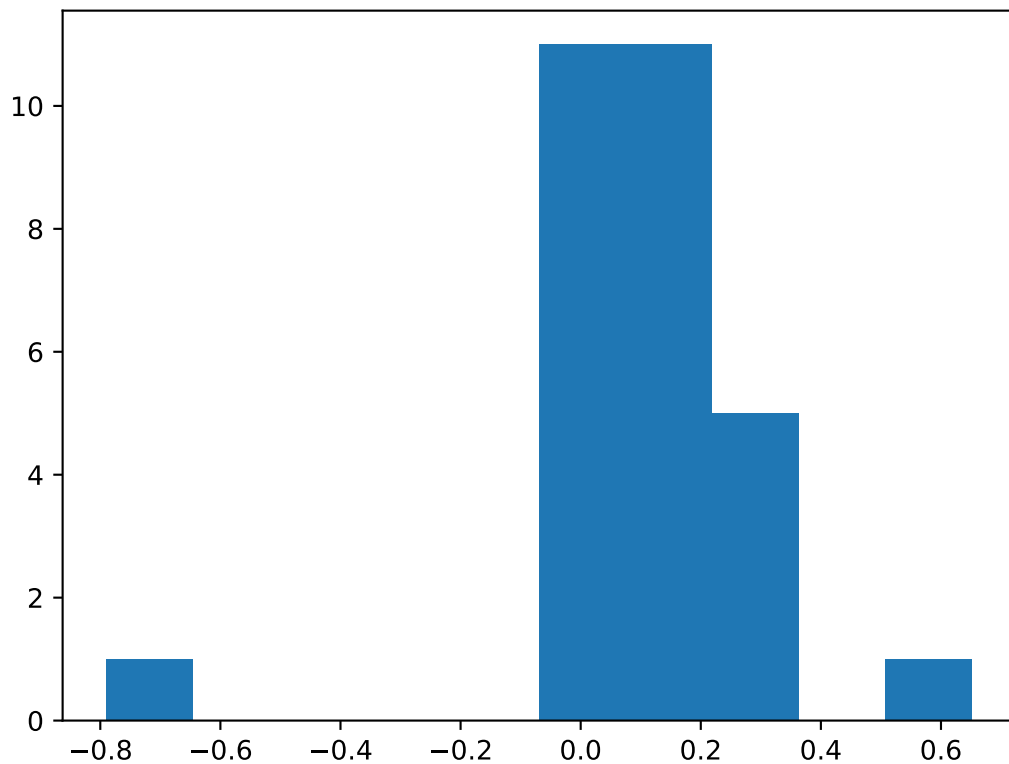

Difference in score per codon Possible - Impossible for CBS

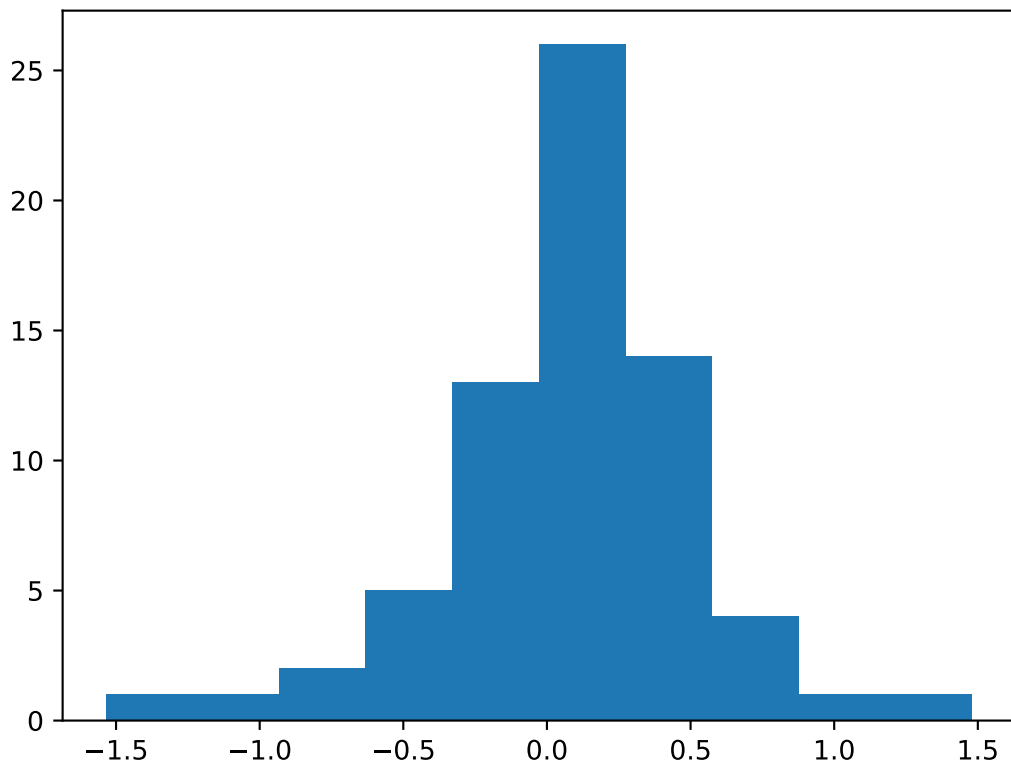

Difference in score per codon Possible - Impossible for PAB1

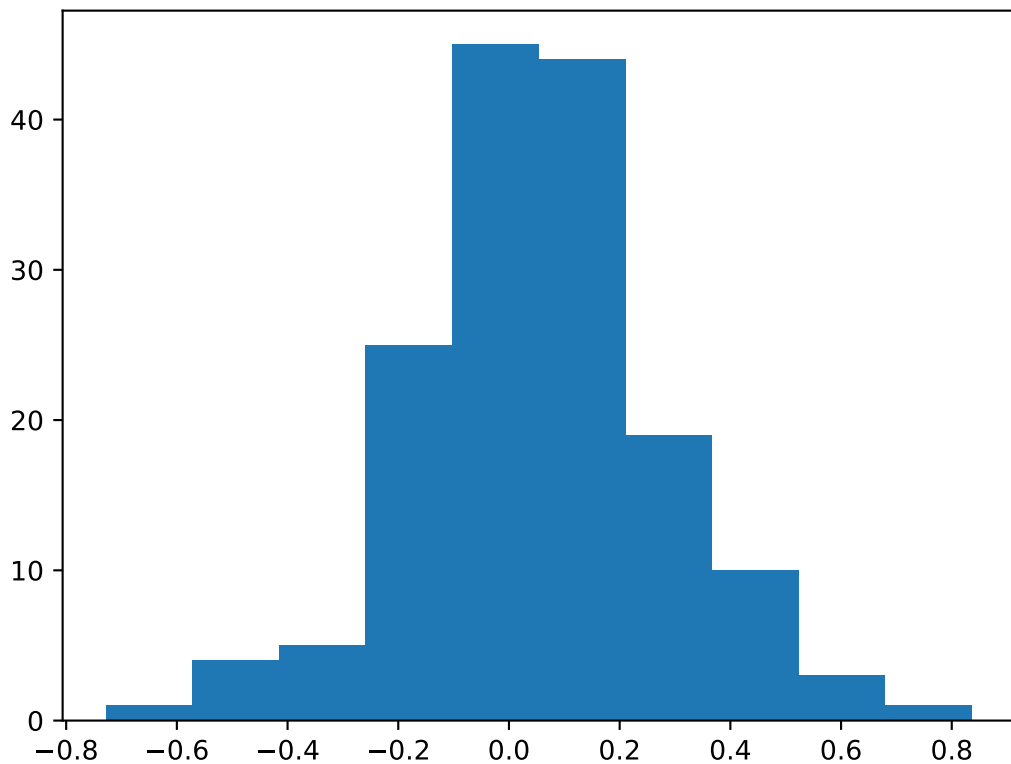

# Difference in score per codon Possible - Impossible for S505N MPL

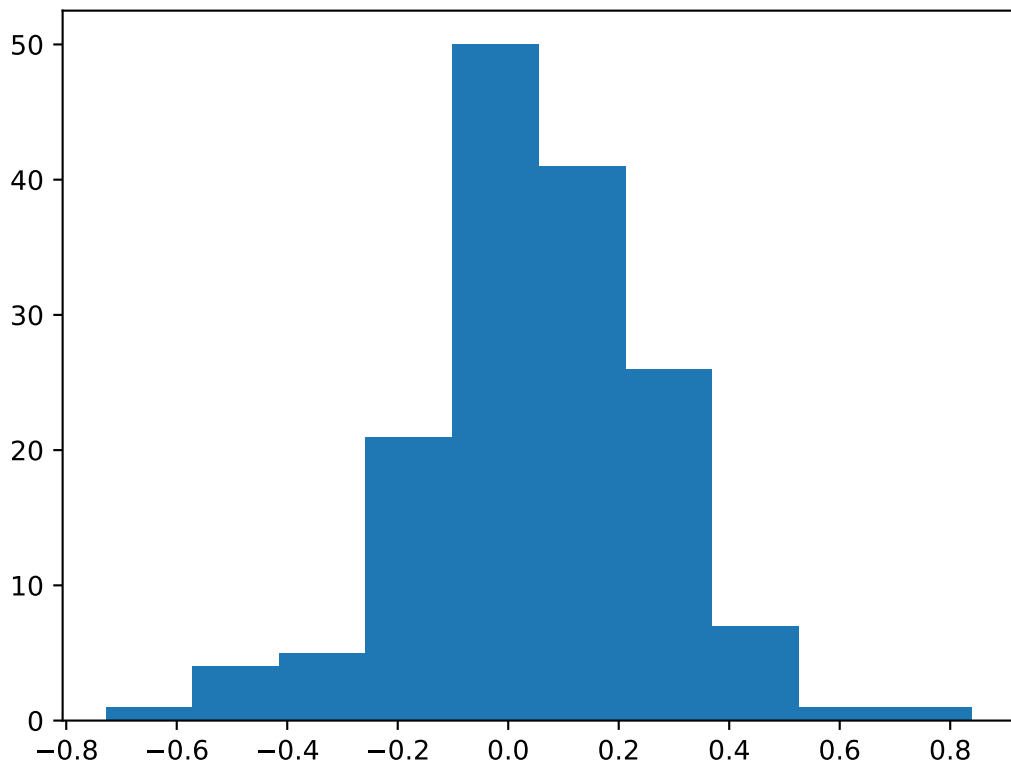

Difference in score per codon Possible - Impossible for UBE2I

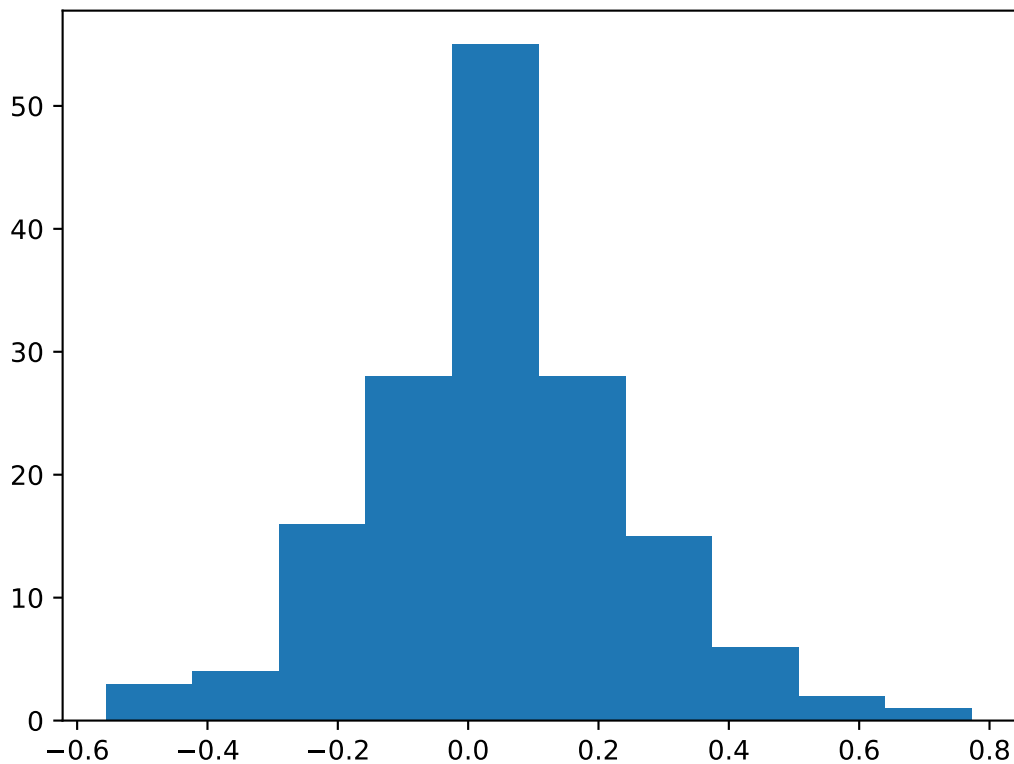

Difference in score per codon Possible - Impossible for UBE2I

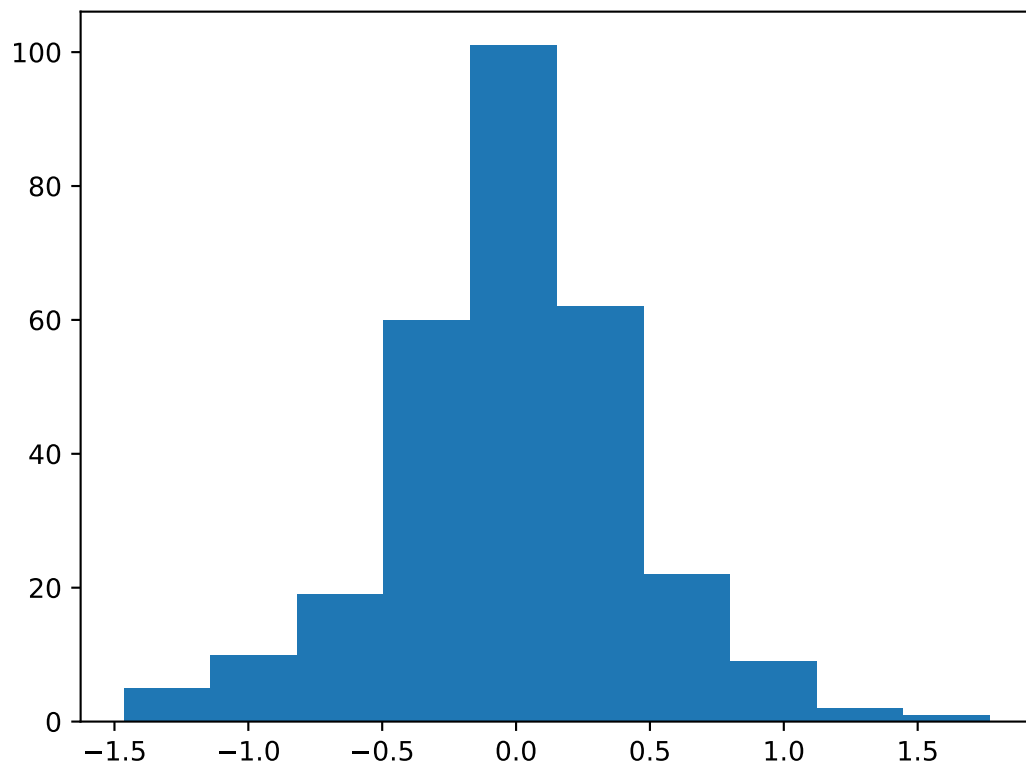

Difference in score per codon Possible - Impossible for UBE2I

Difference in score per codon Possible - Impossible for UBE2I

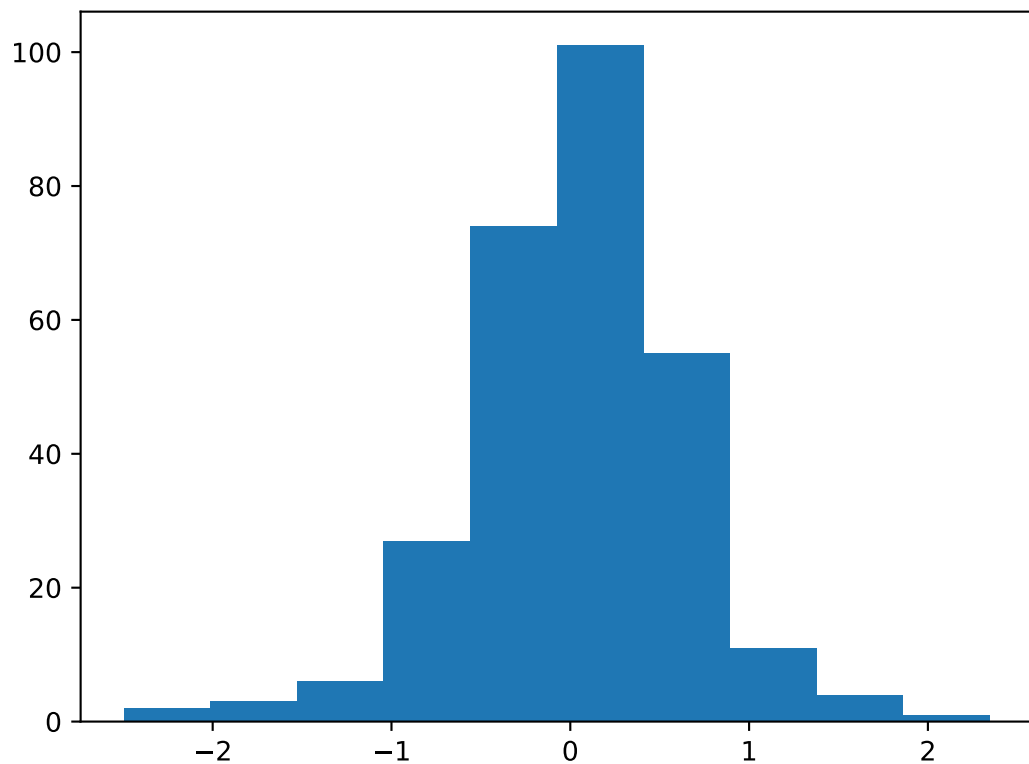

# Difference in score per codon Possible - Impossible for BRCA1 RING domain

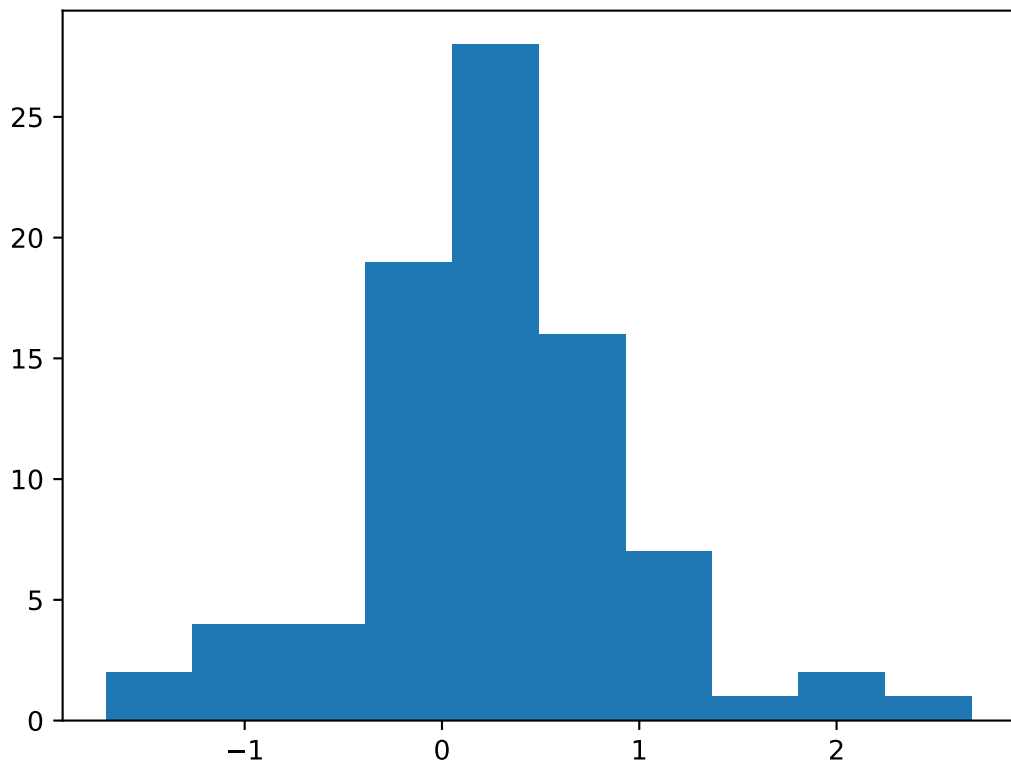

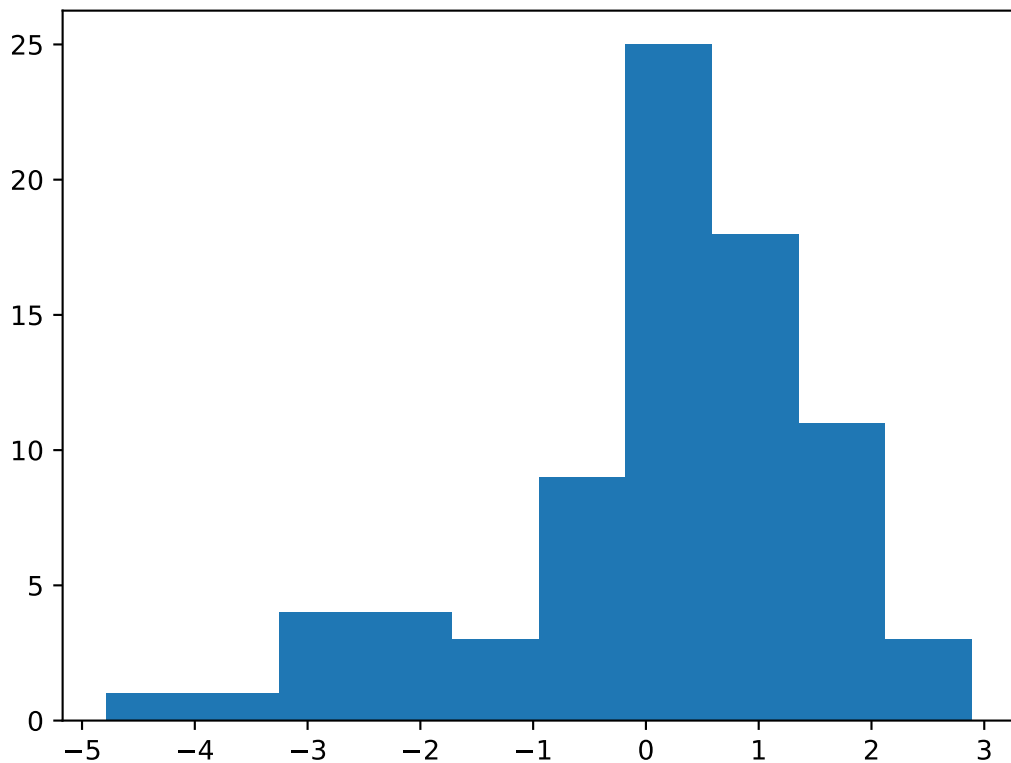

# Difference in score per codon Possible - Impossible for BRCA1 RING domain

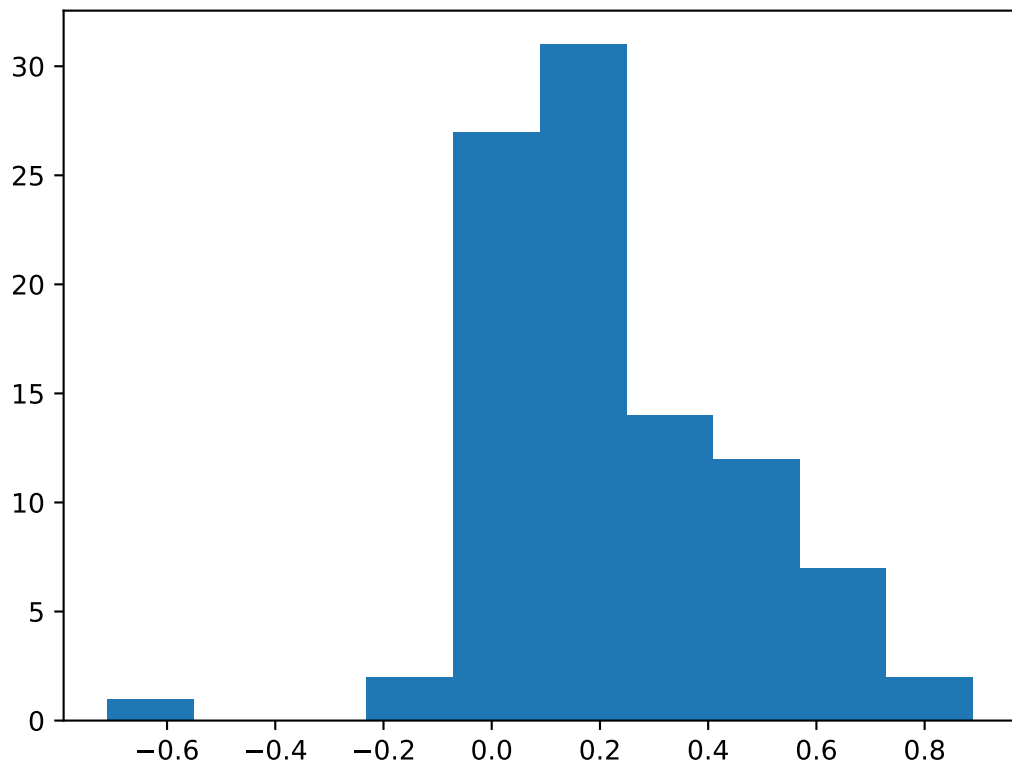

Difference in score per codon Possible - Impossible for E4B

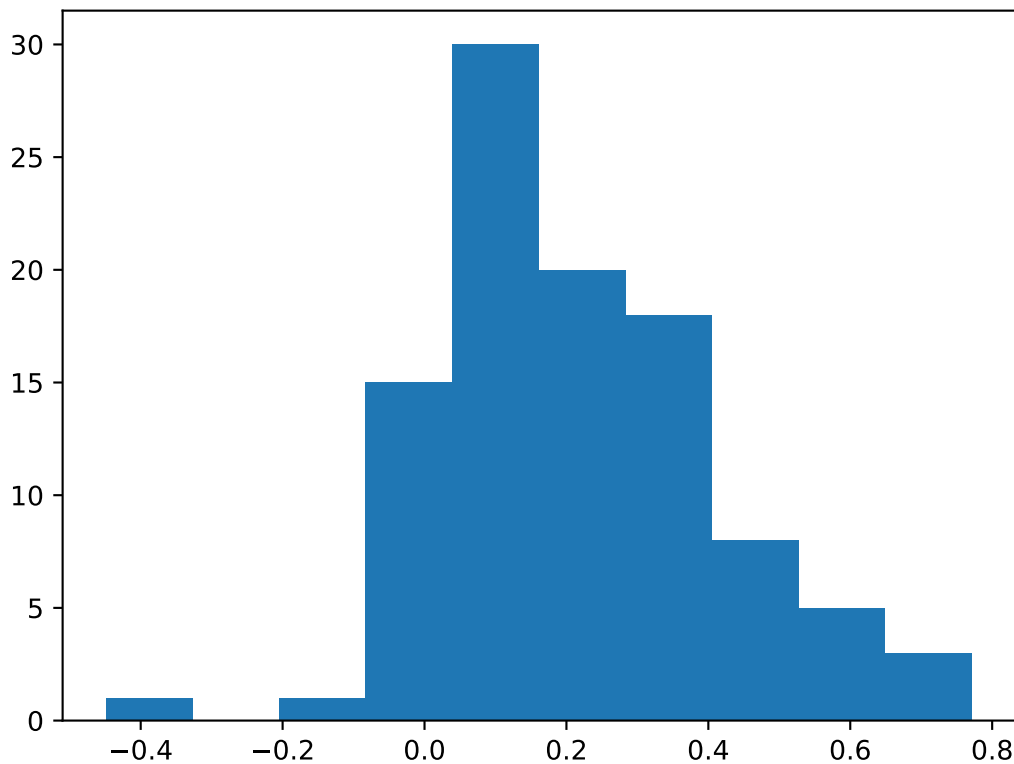

Difference in score per codon Possible - Impossible for E4B

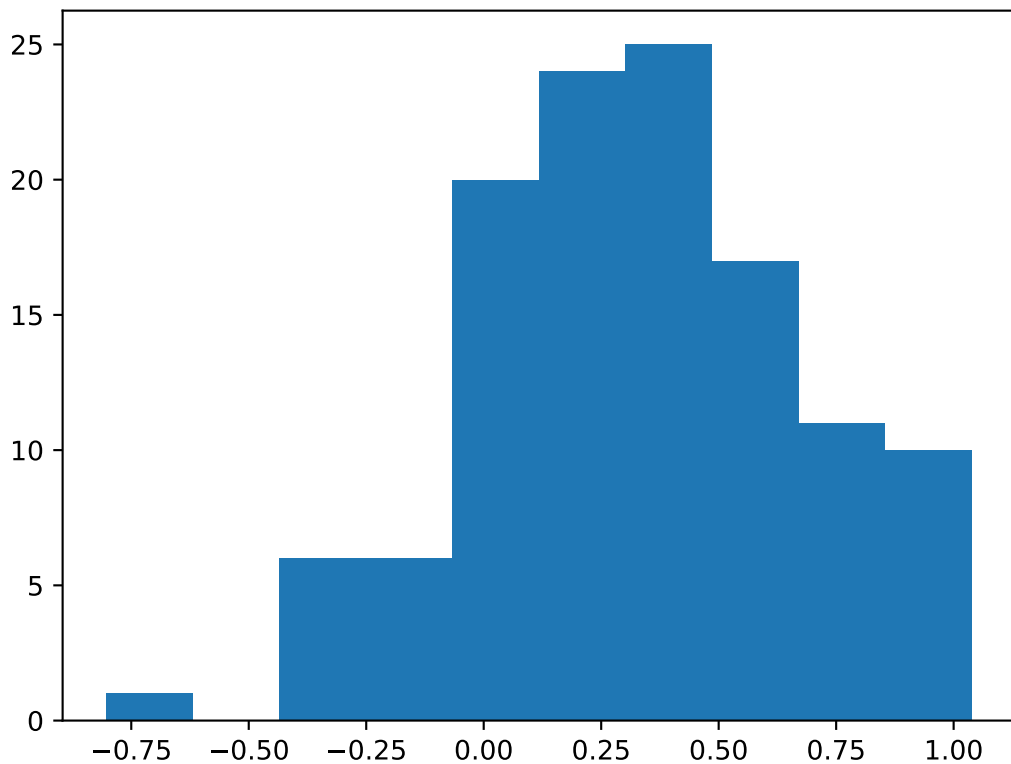

Difference in score per codon Possible - Impossible for SUMO1

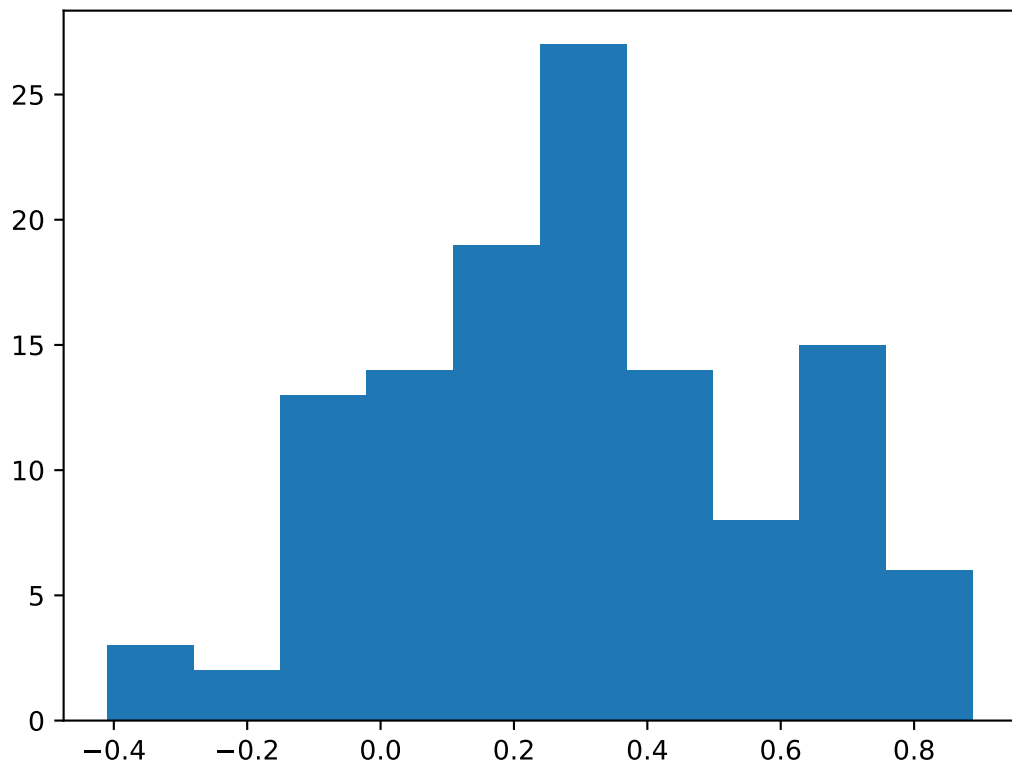

Difference in score per codon Possible - Impossible for SUMO1

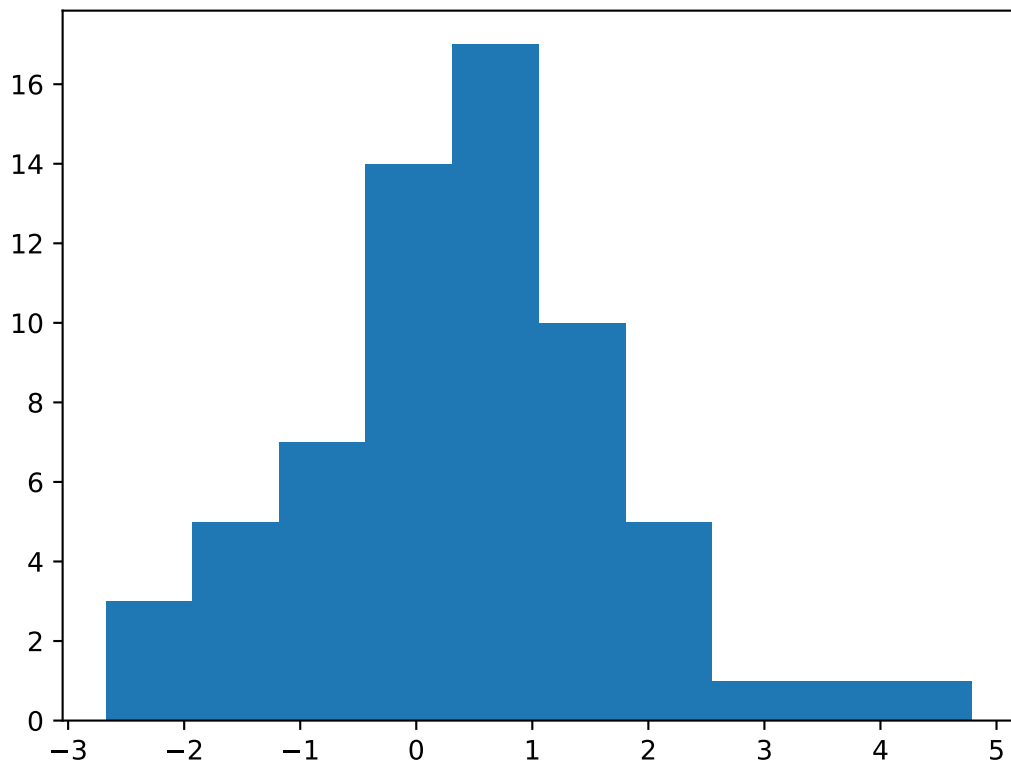

Difference in score per codon Possible - Impossible for TPK1

Difference in score per codon Possible - Impossible for TPK1

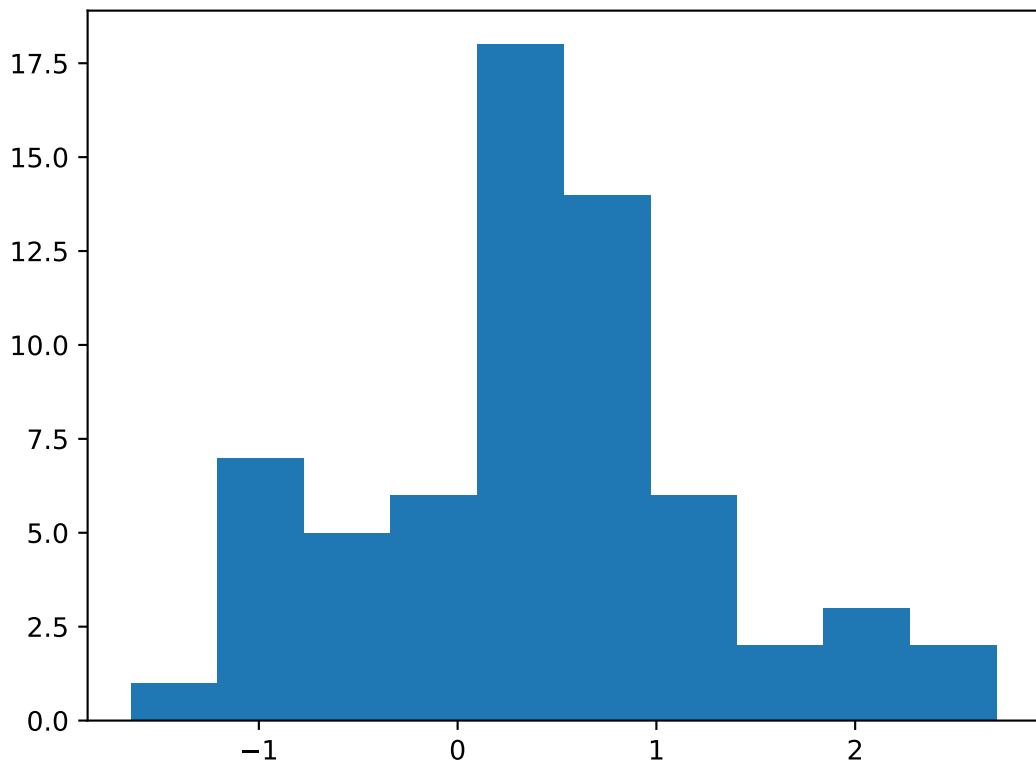

Difference in score per codon Possible - Impossible for Gal4

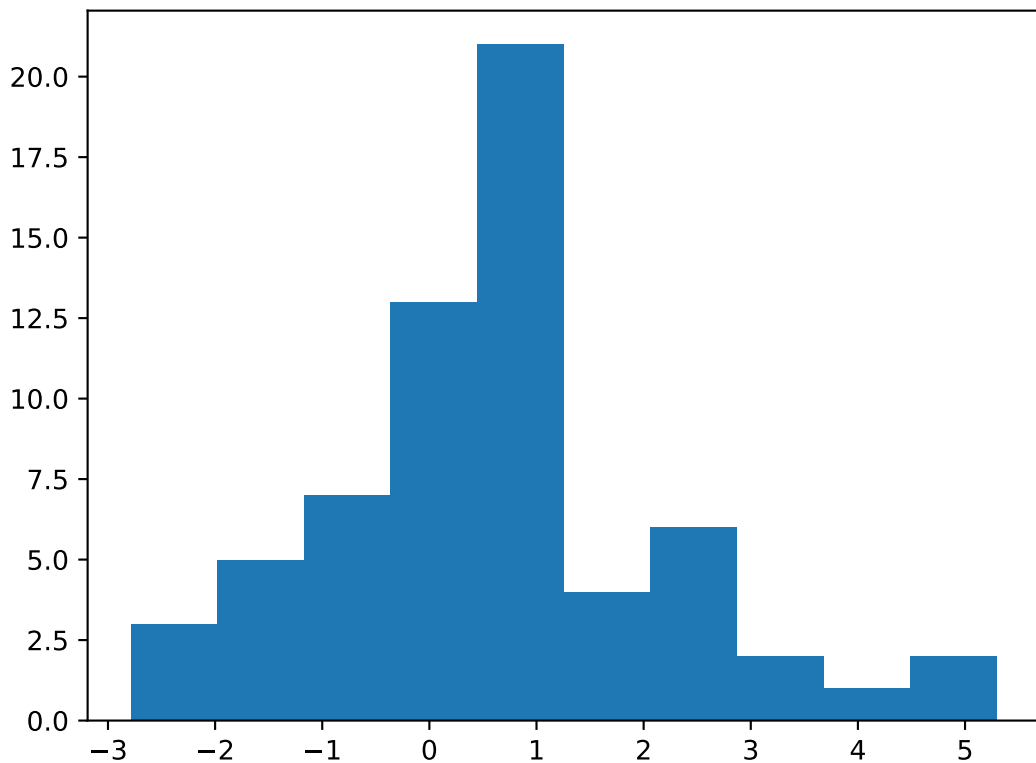

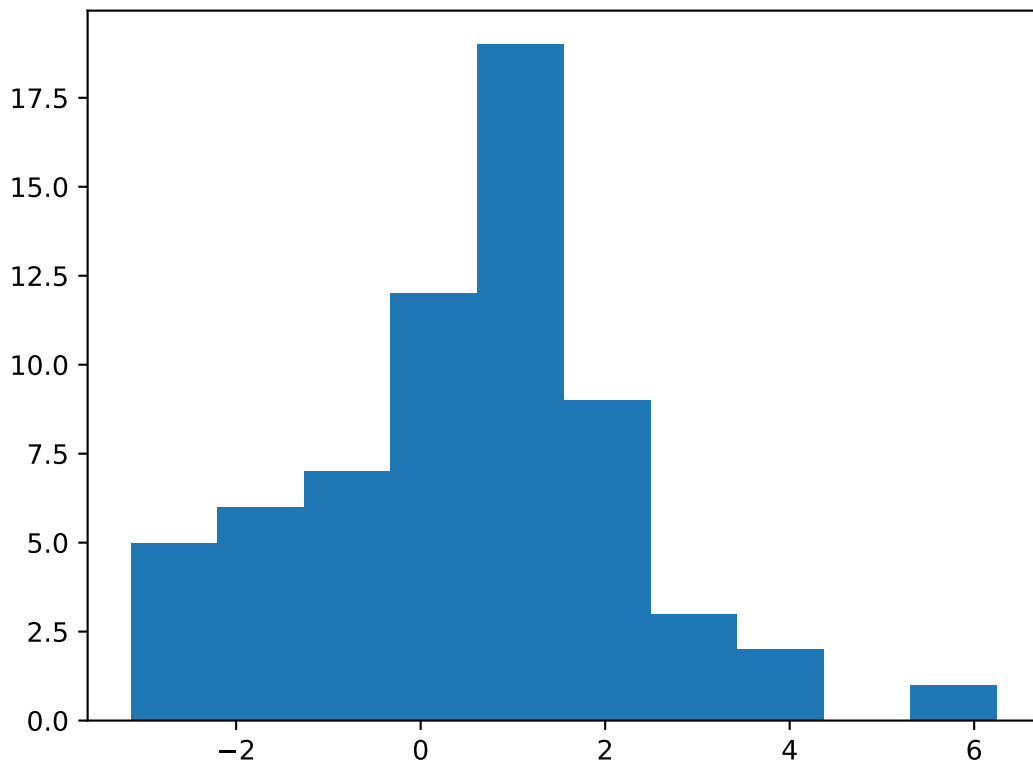

Difference in score per codon Possible - Impossible for Gal4

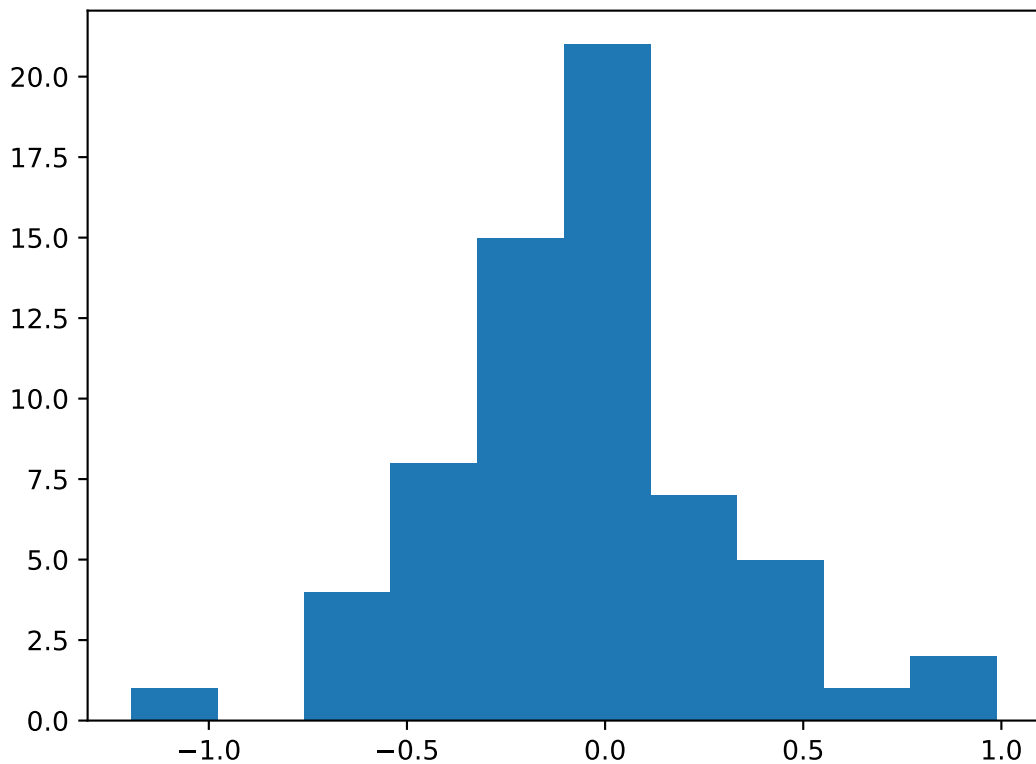

Difference in score per codon Possible - Impossible for Gal4

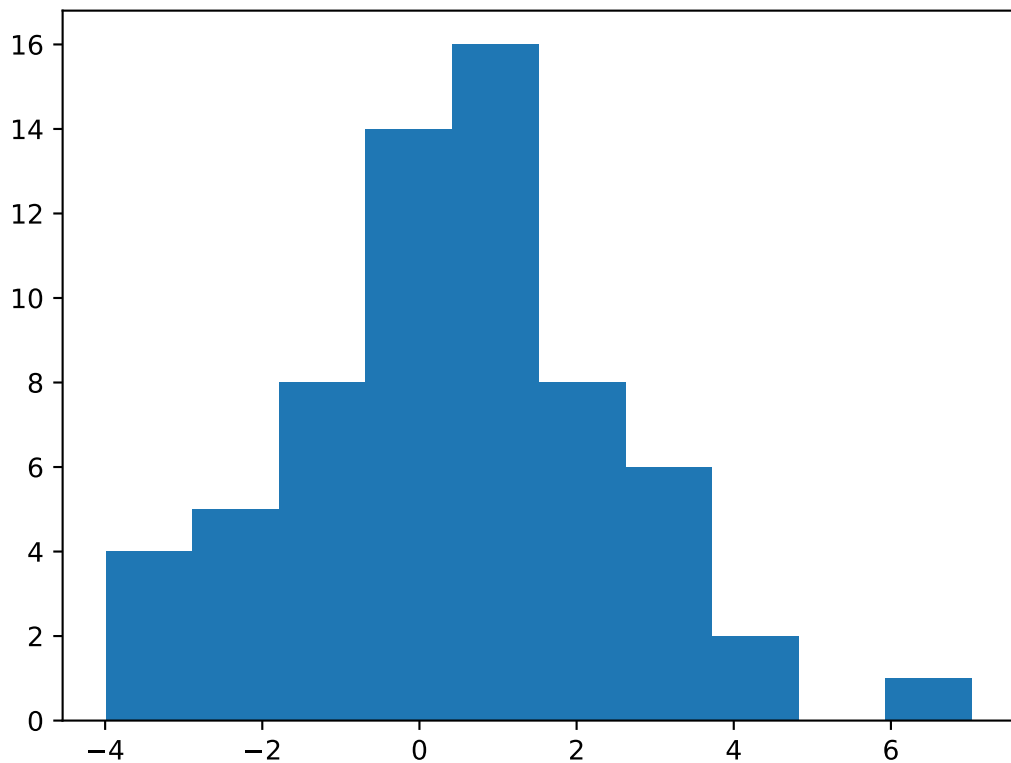

Difference in score per codon Possible - Impossible for Gal4

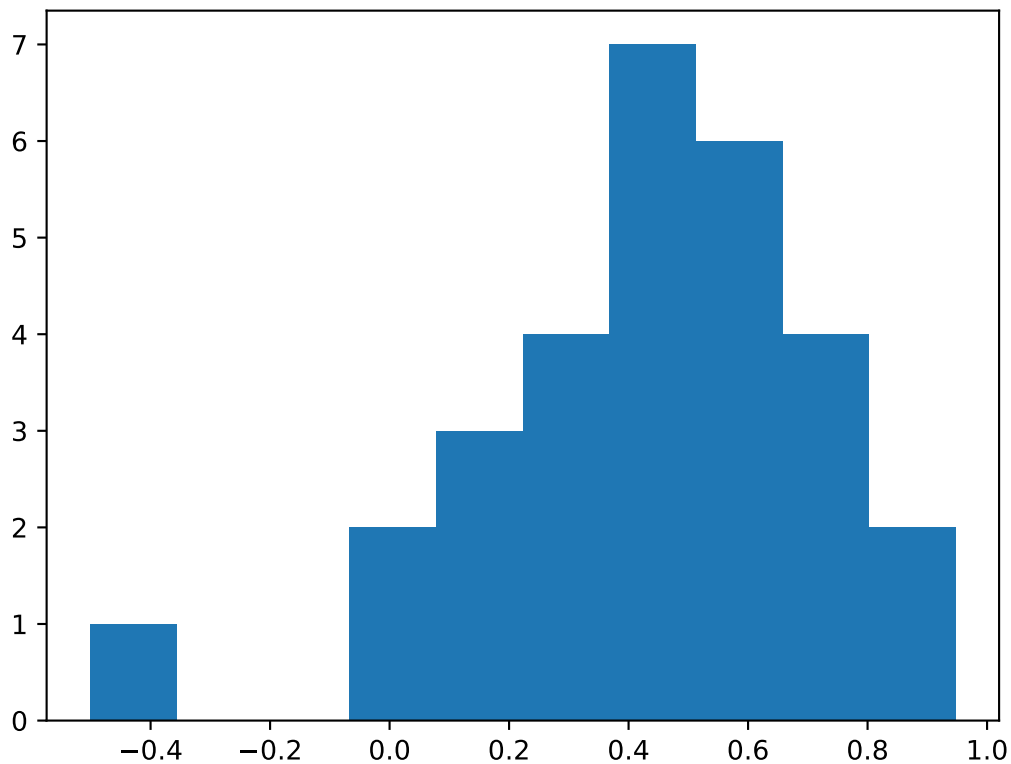

Difference in score per codon Possible - Impossible for Gal4

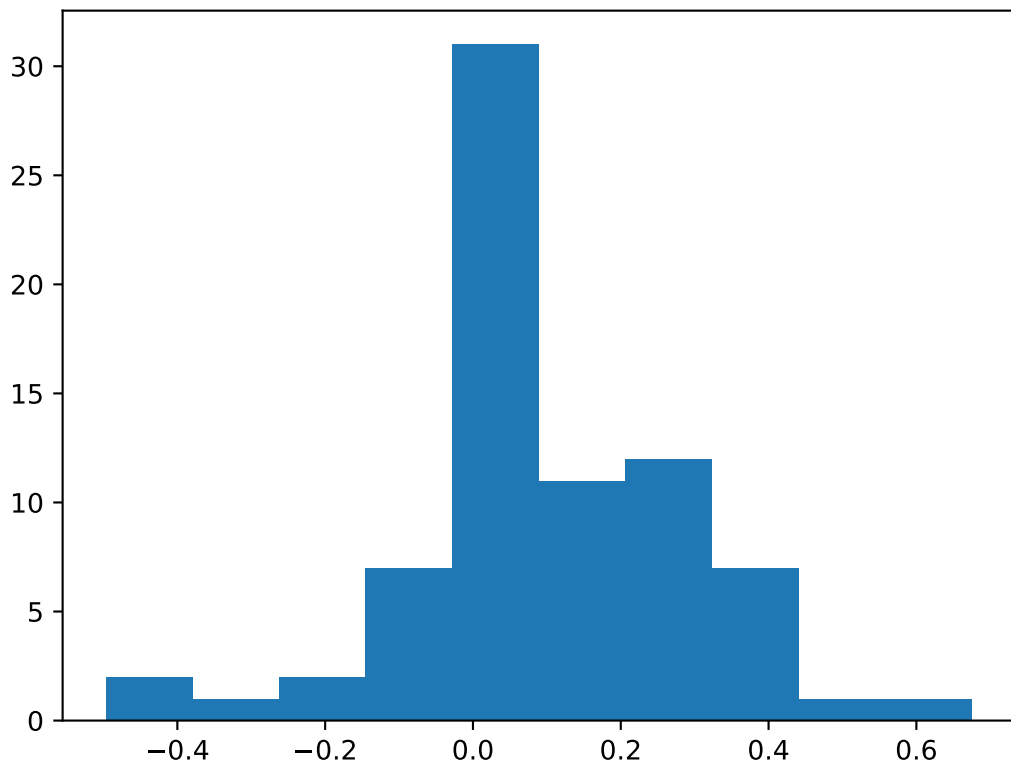

Difference in score per codon Possible - Impossible for Gal4

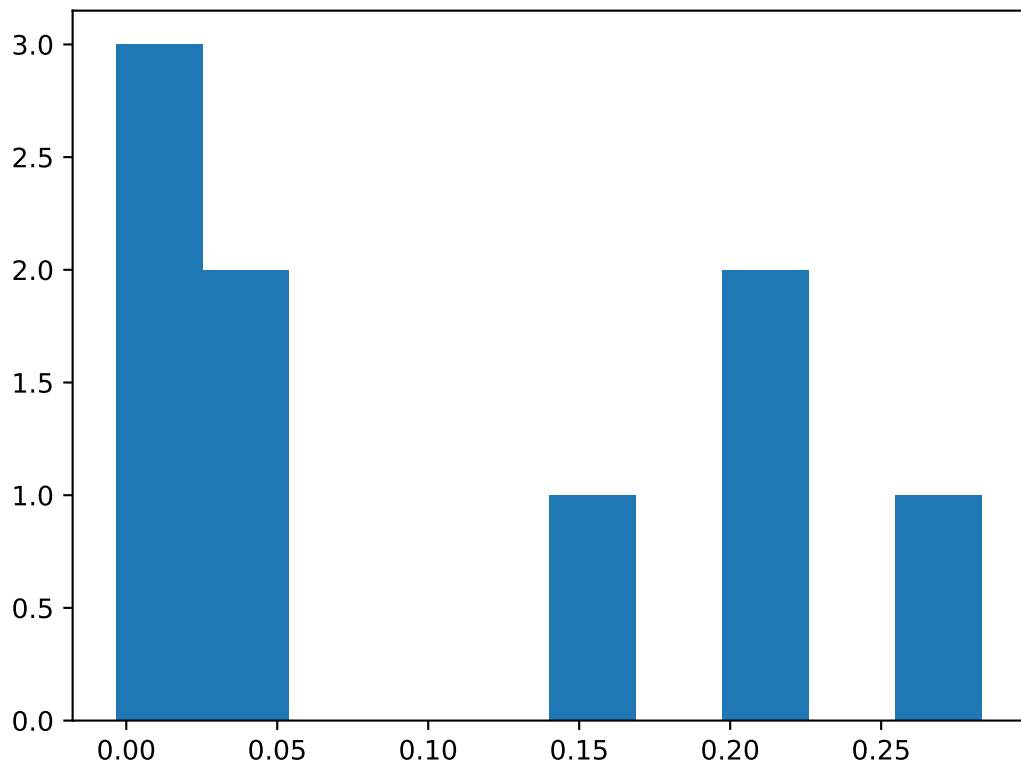

Difference in score per codon Possible - Impossible for MPL

Difference in score per codon Possible - Impossible for Ubiquitin

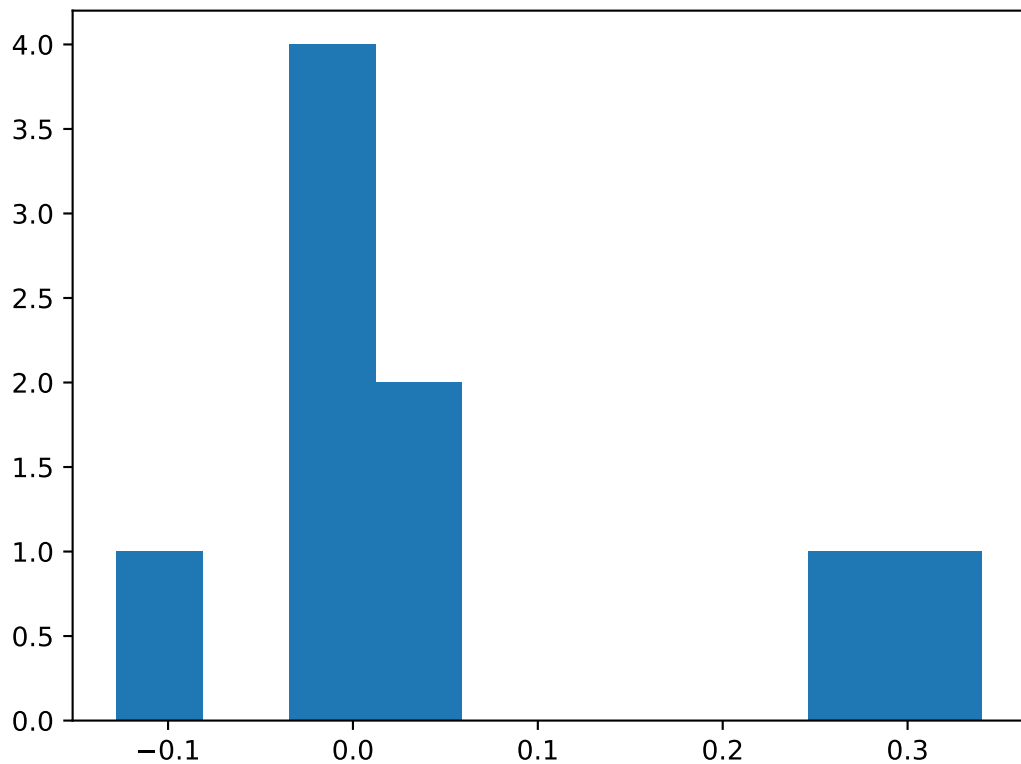

Difference in score per codon Possible - Impossible for Ubiquitin

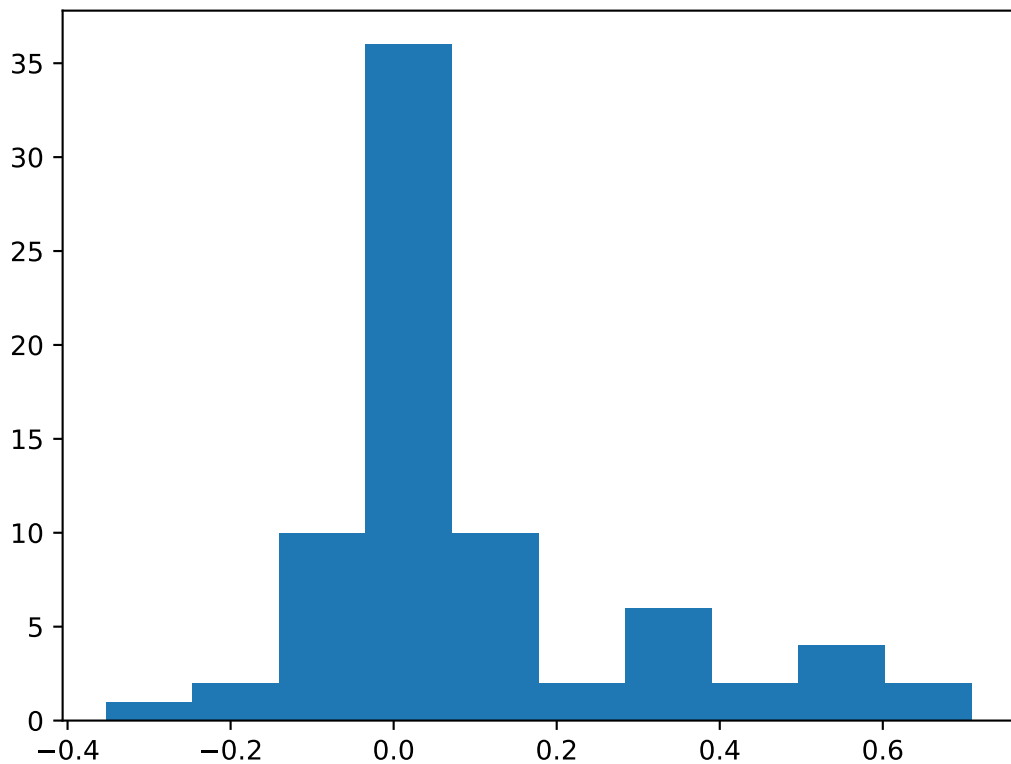

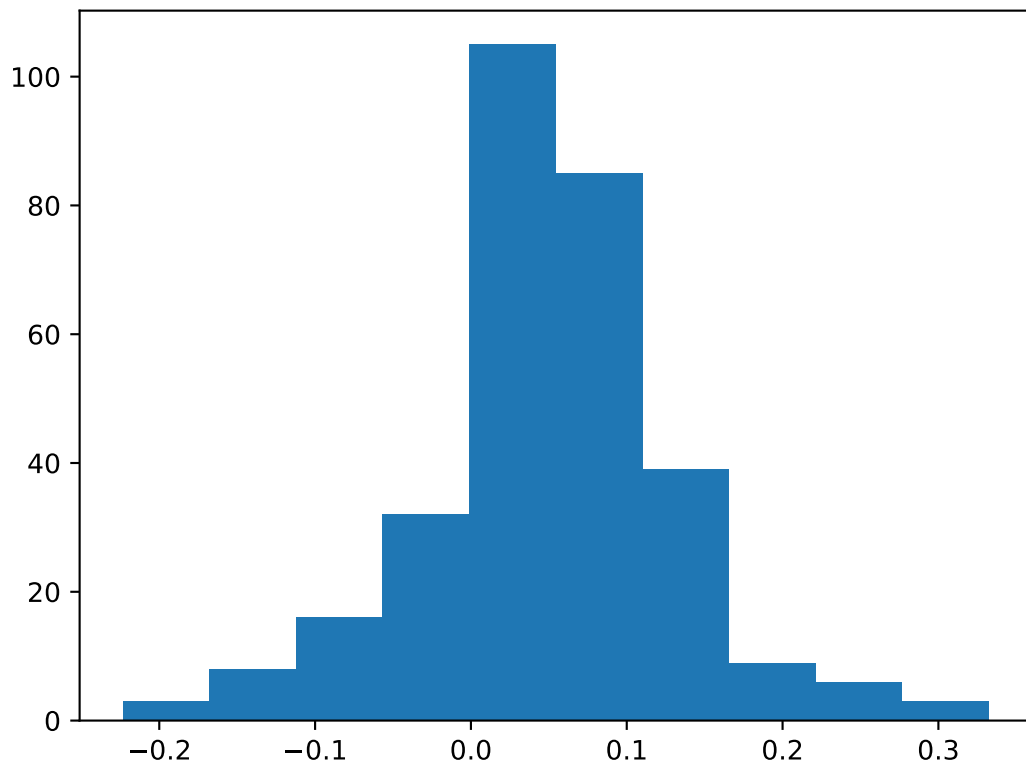

Difference in score per codon Possible - Impossible for Ubiquitin

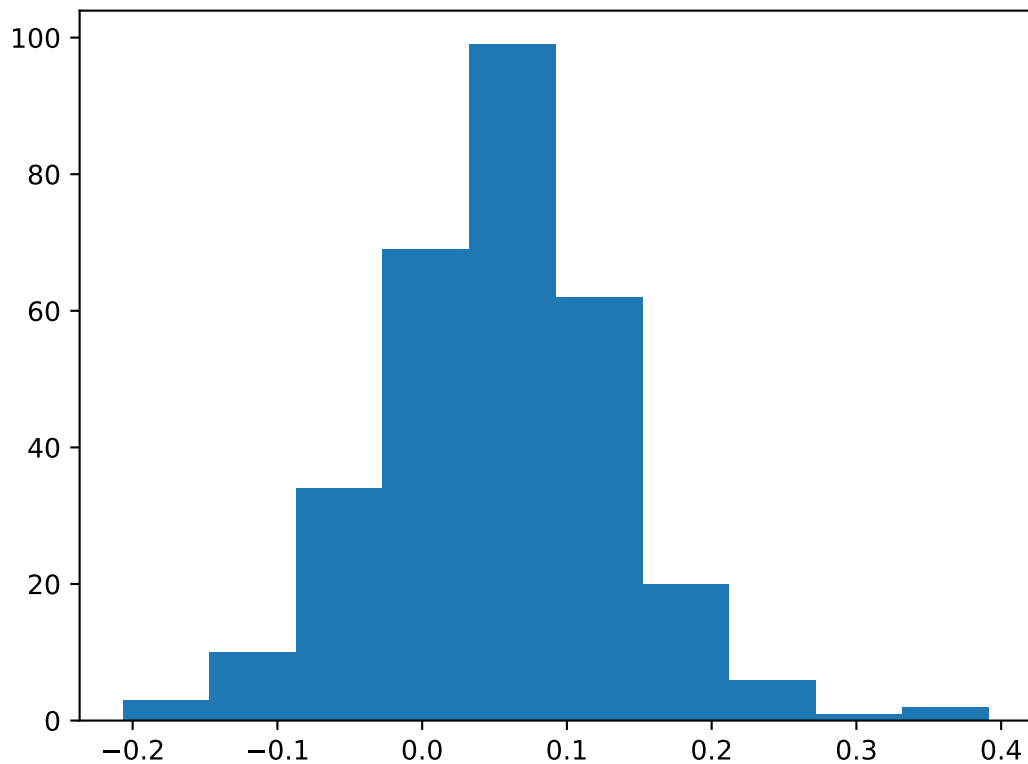

Difference in score per codon Possible - Impossible for Ubiquitin

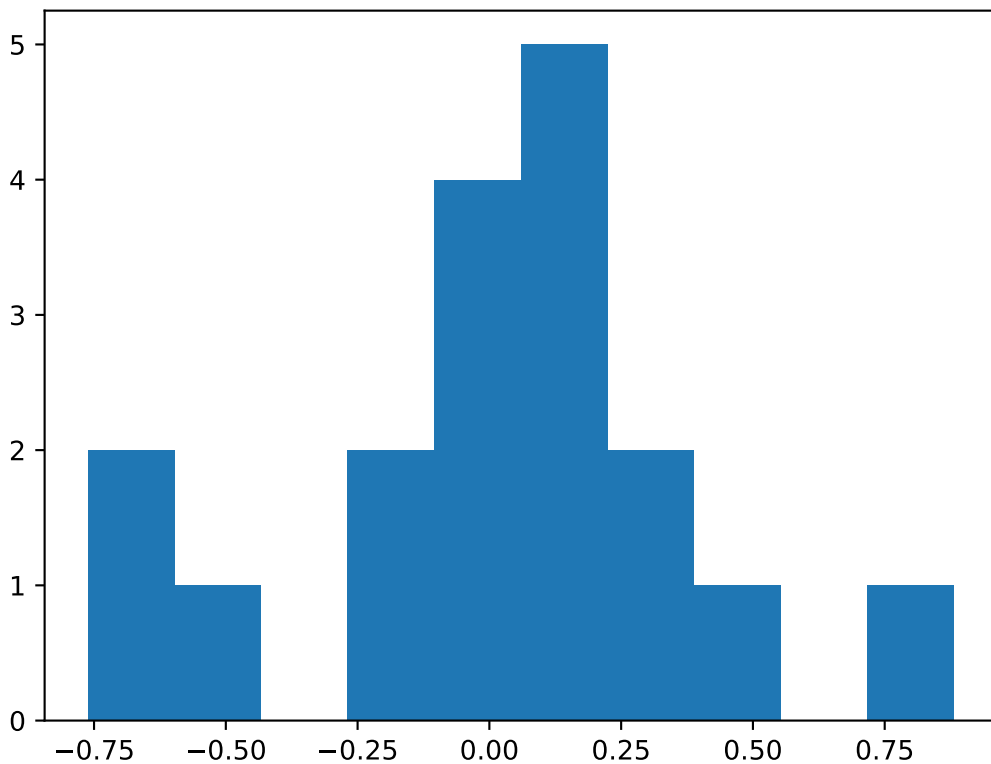

# Difference in score per codon Possible - Impossible for LDLRAP1

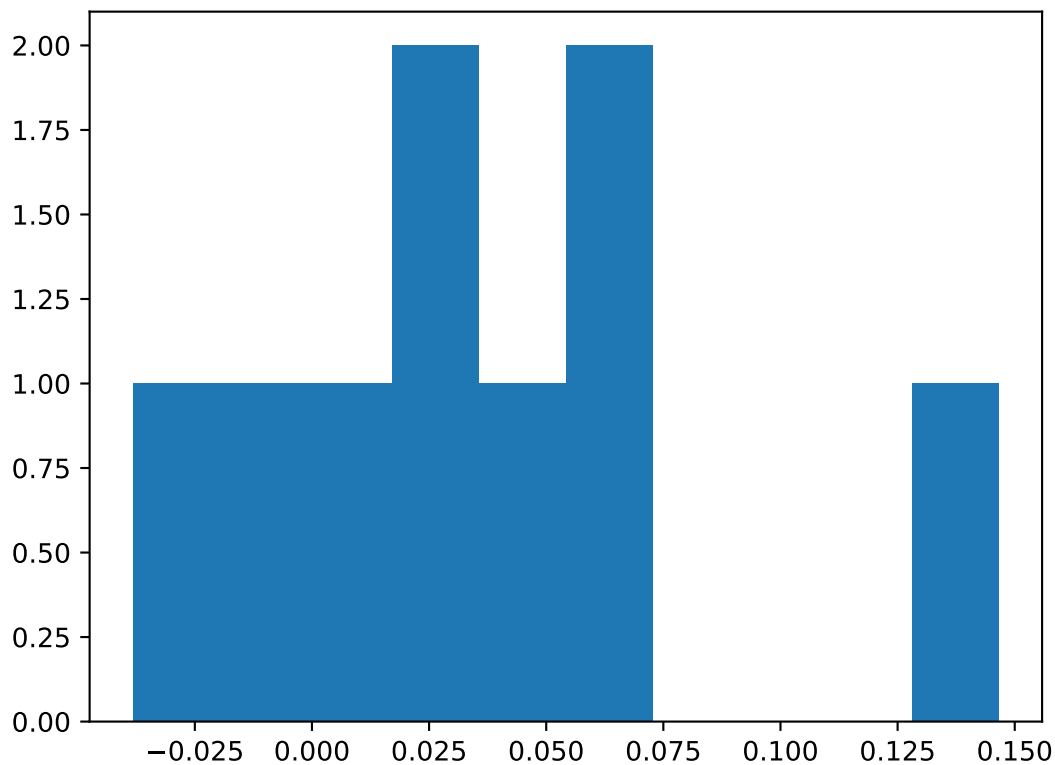

# Difference in score per codon Possible - Impossible for LDLRAP1

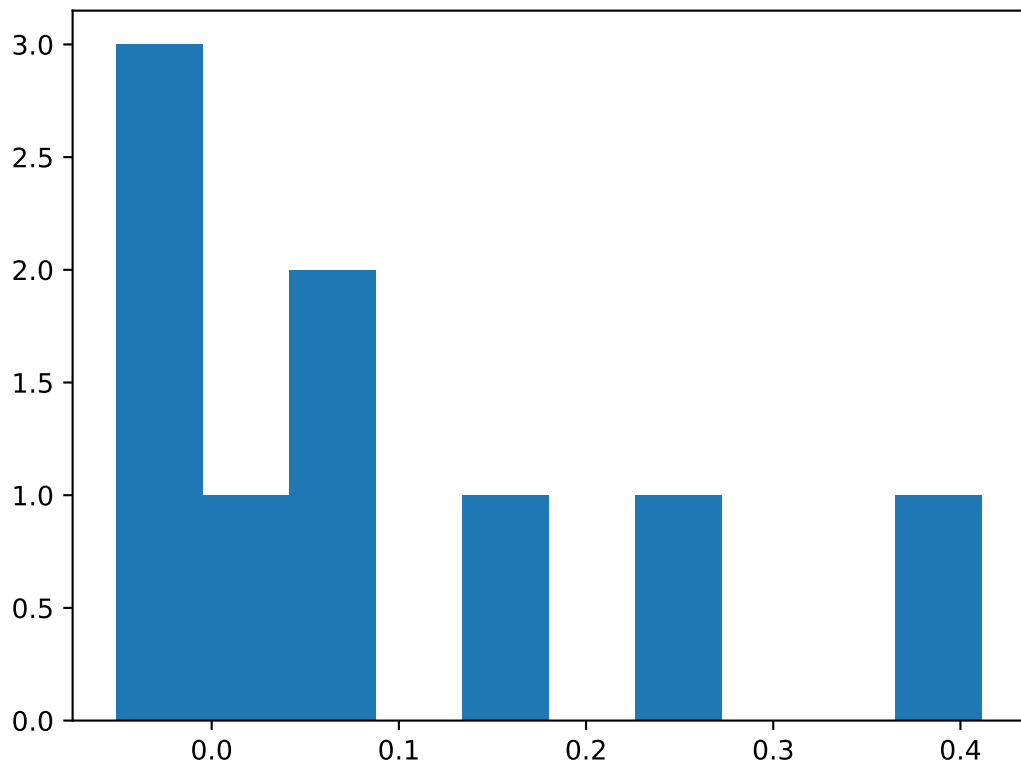

Difference in score per codon Possible - Impossible for Src SH4 domain

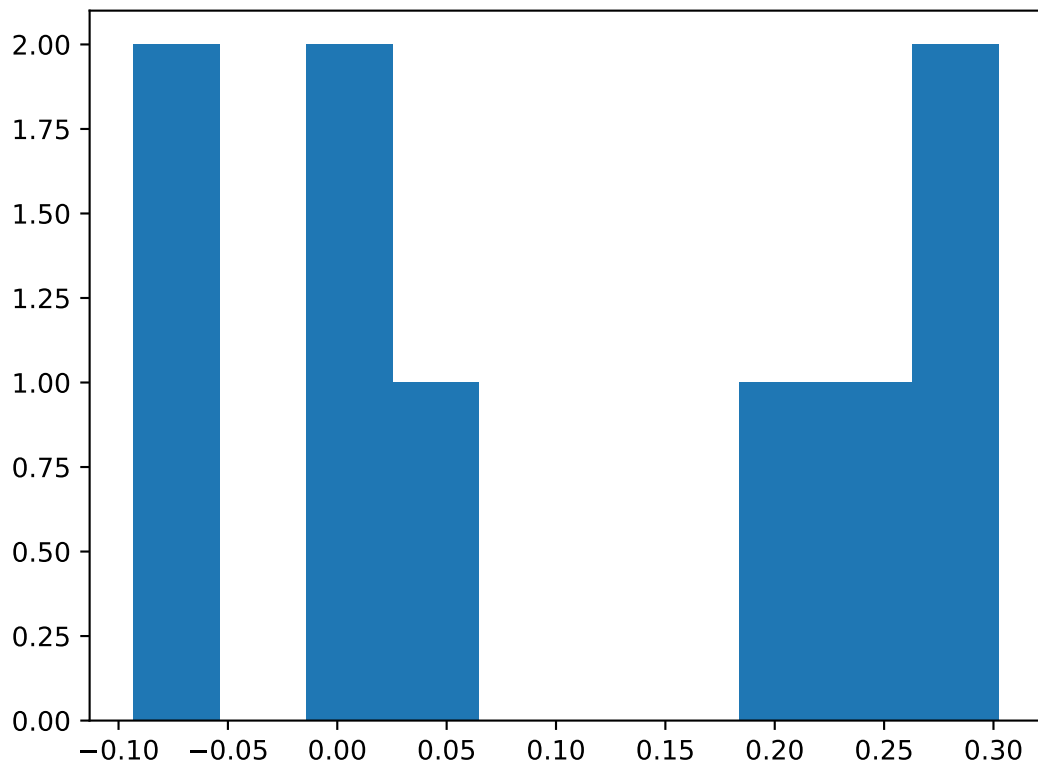

Difference in score per codon Possible - Impossible for HSP90

Difference in score per codon Possible - Impossible for HSP90

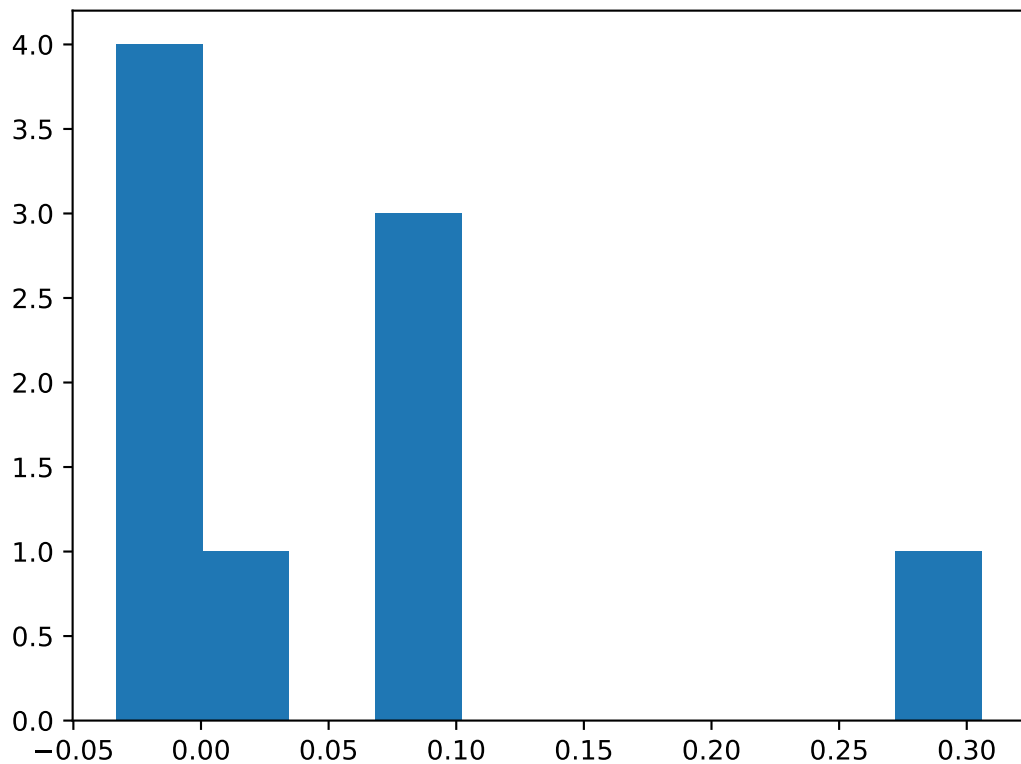

Difference in score per codon Possible - Impossible for HSP90

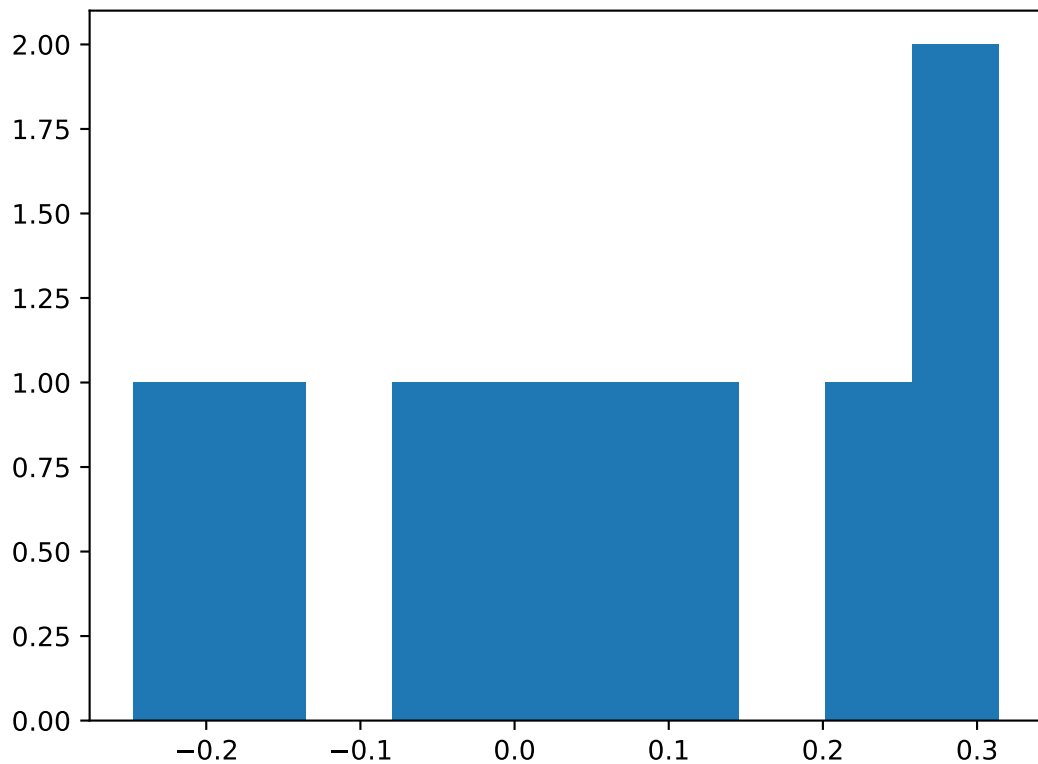

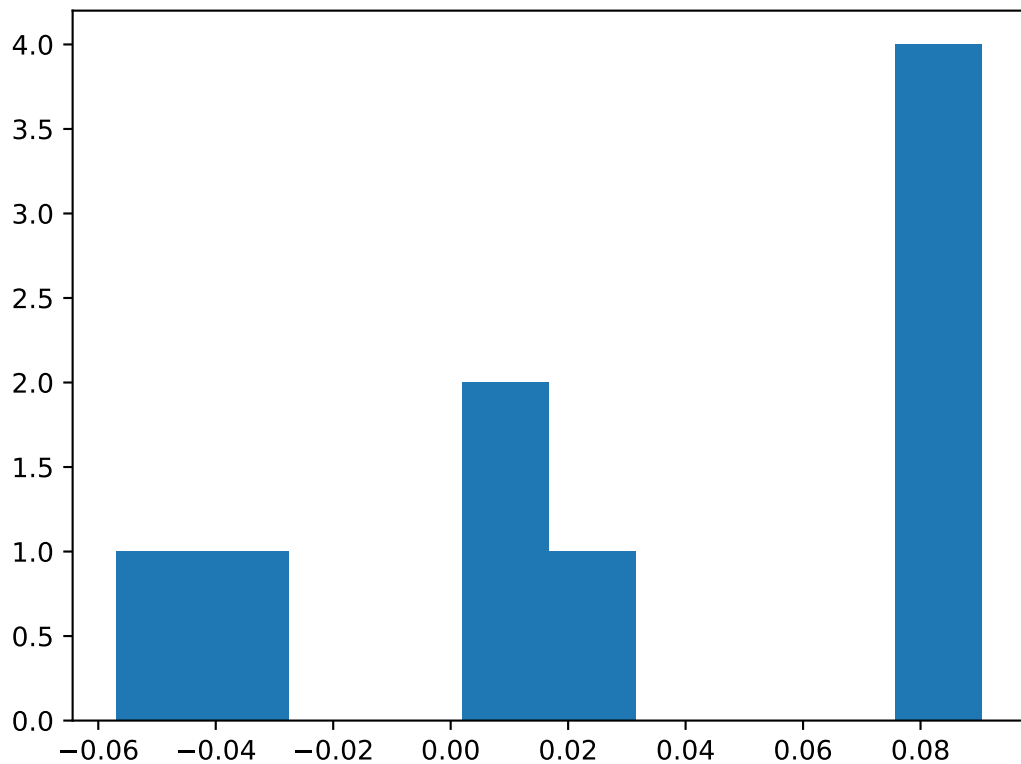

Difference in score per codon Possible - Impossible for HSP90

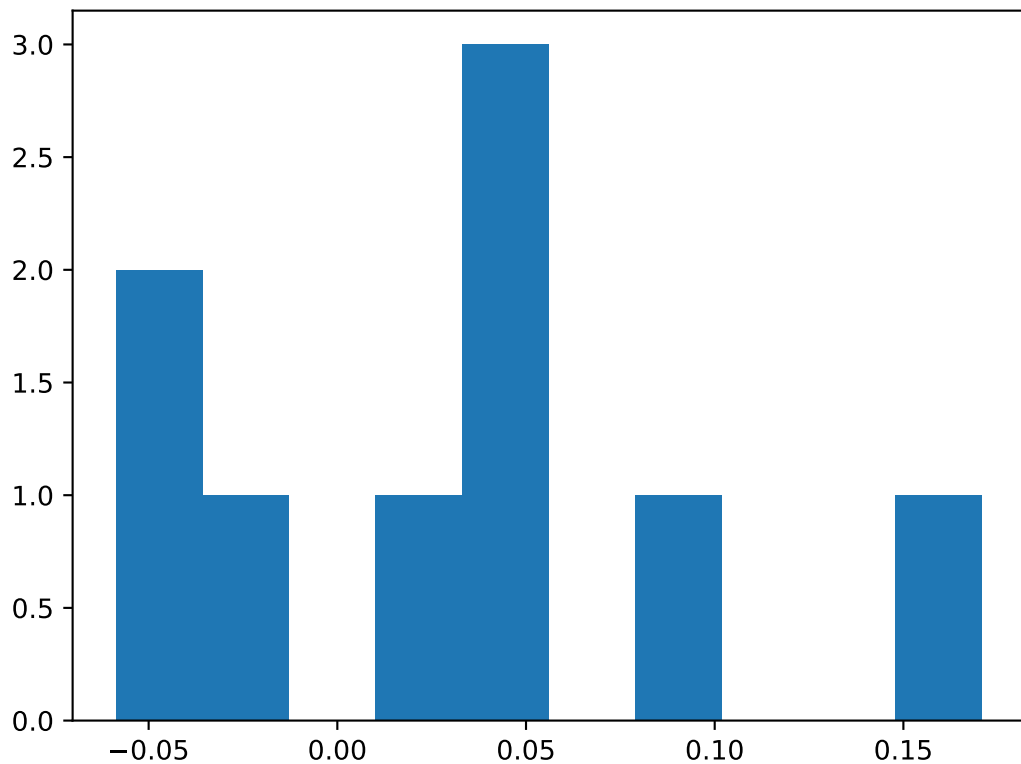

Difference in score per codon Possible - Impossible for HSP90

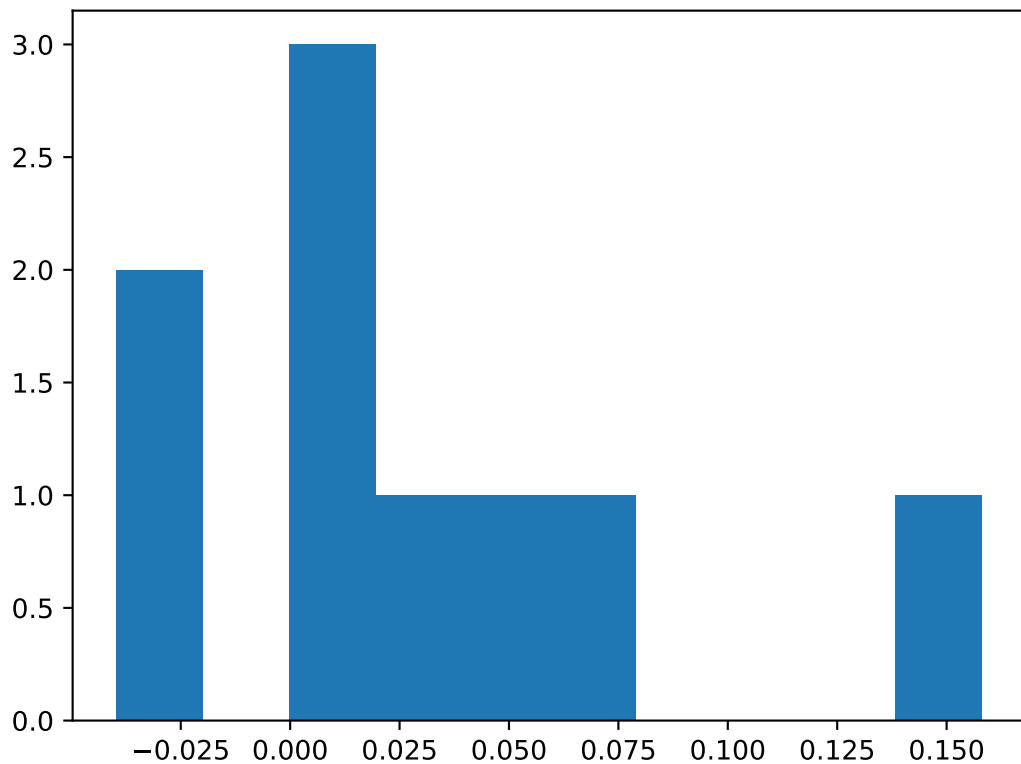

Difference in score per codon Possible - Impossible for HSP90

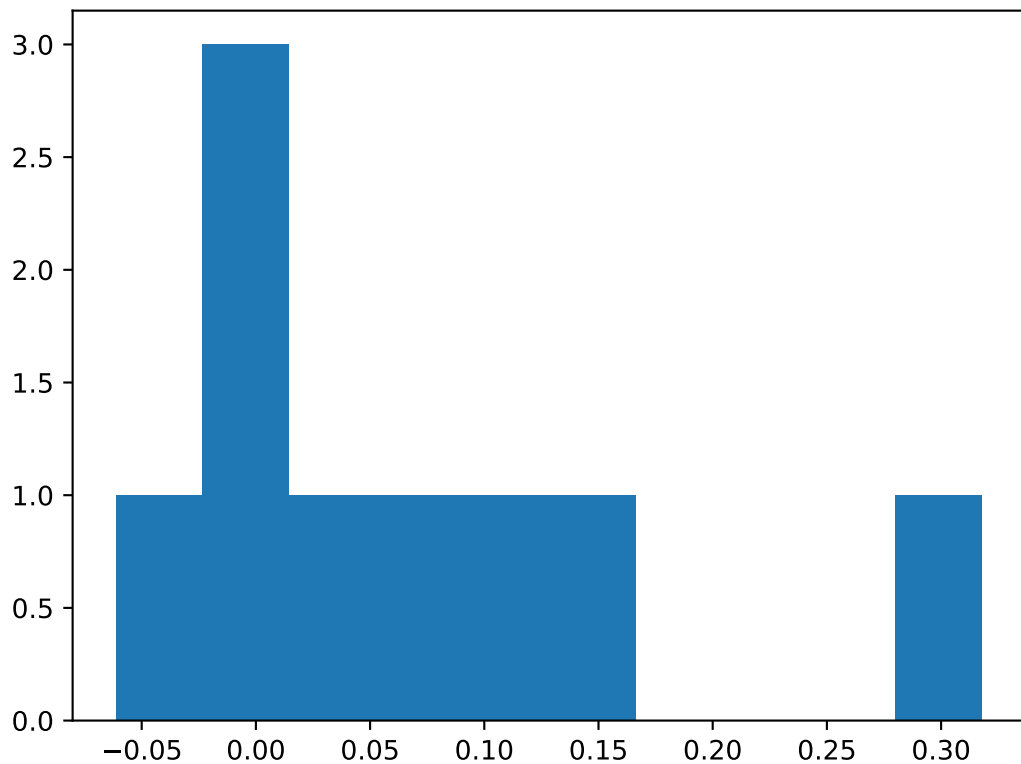

Difference in score per codon Possible - Impossible for HSP90

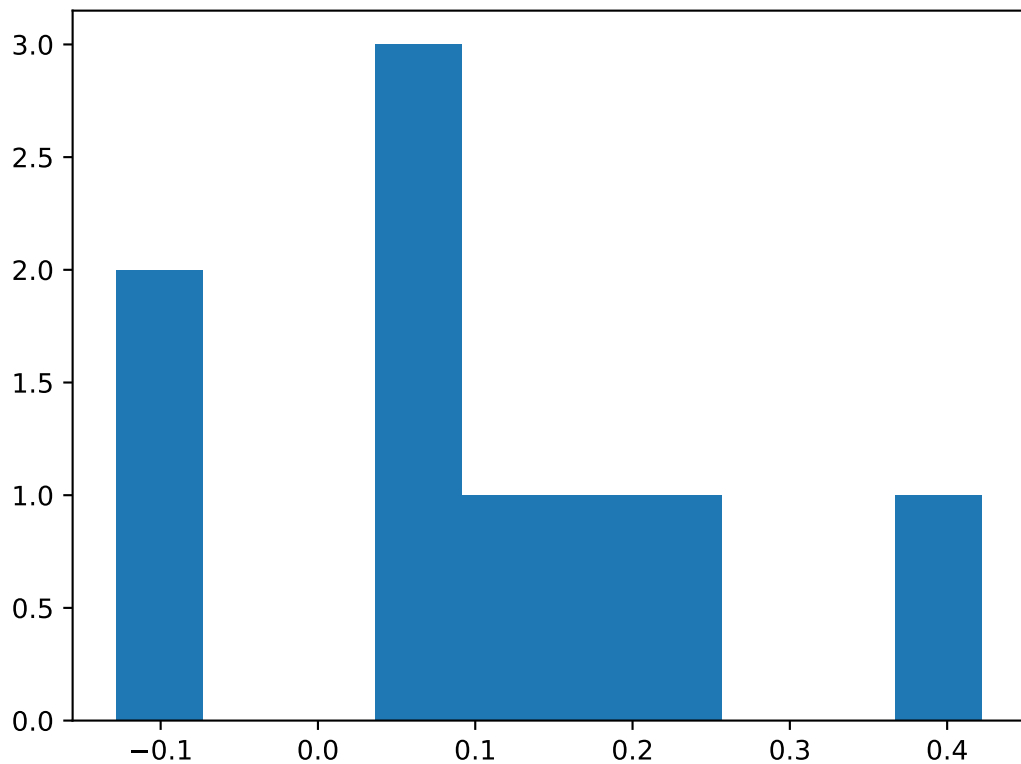

Difference in score per codon Possible - Impossible for HSP90

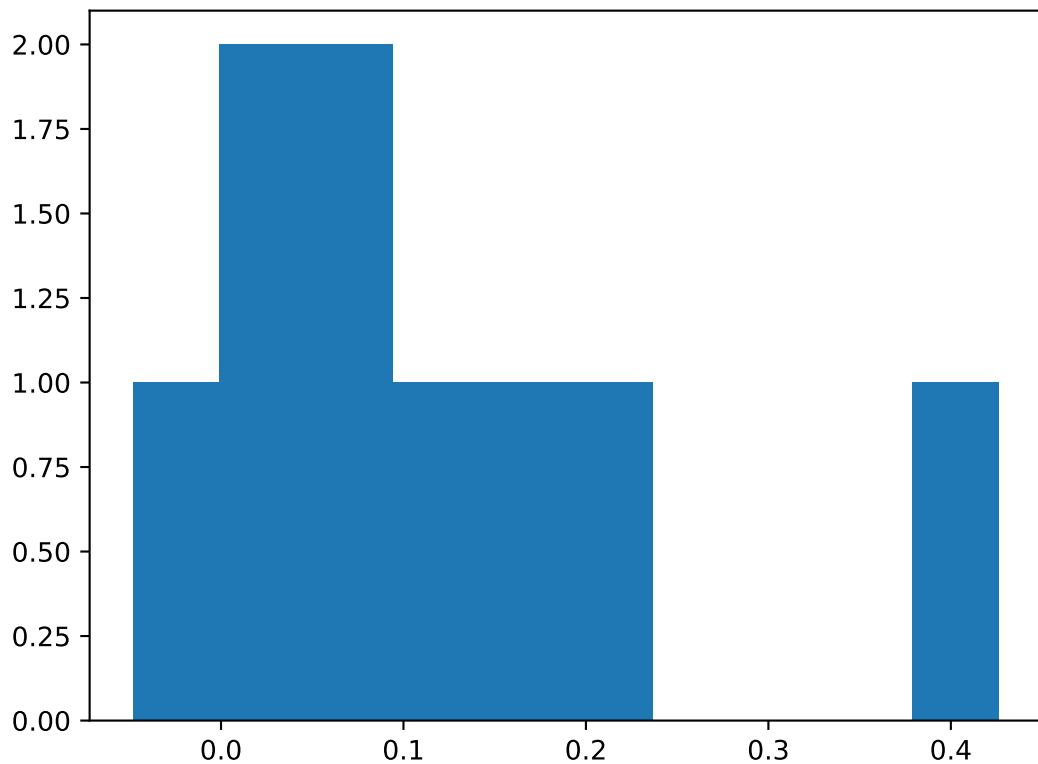

Difference in score per codon Possible - Impossible for HSP90

Difference in score per codon Possible - Impossible for HSP90

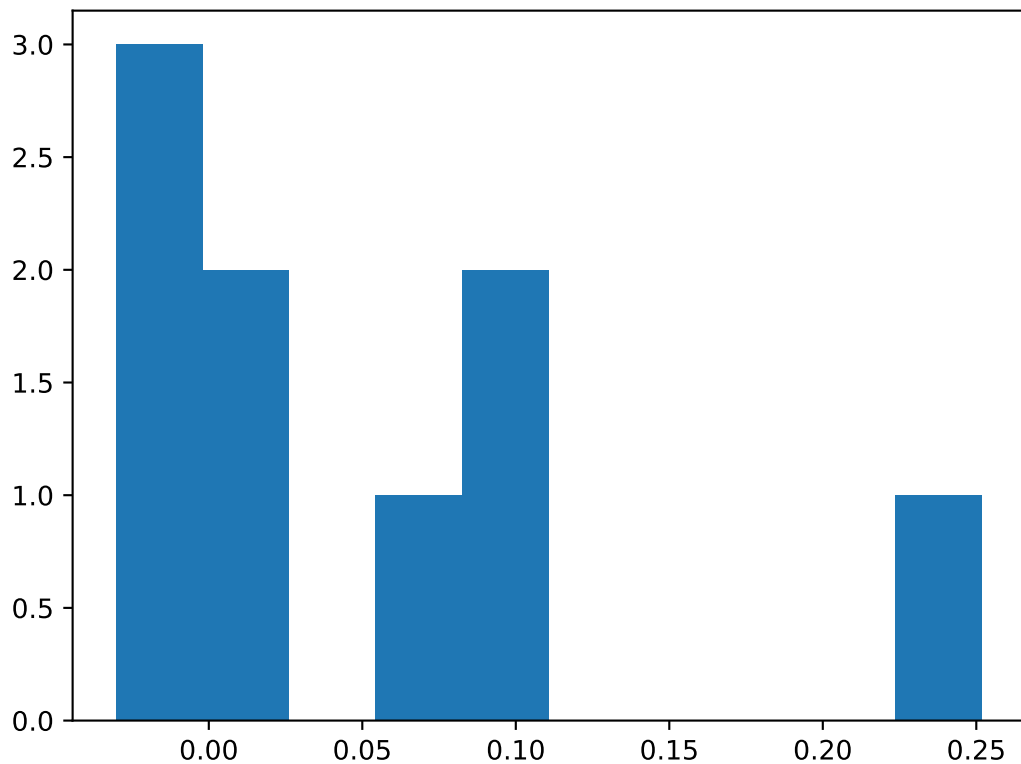

Difference in score per codon Possible - Impossible for HSP90

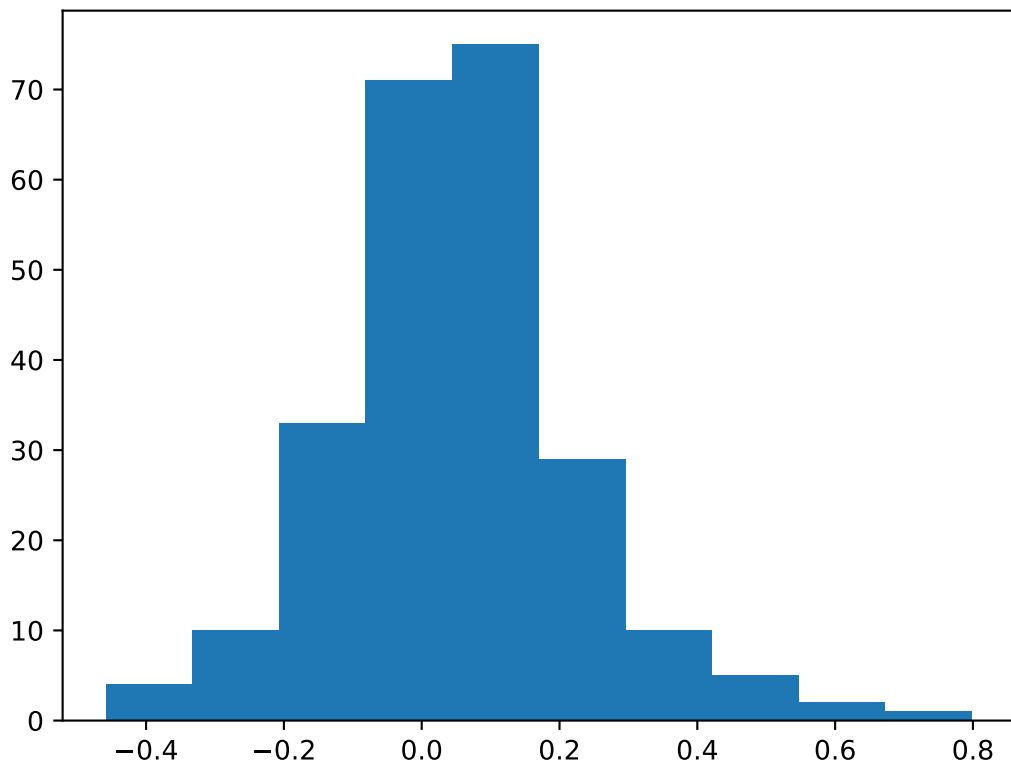

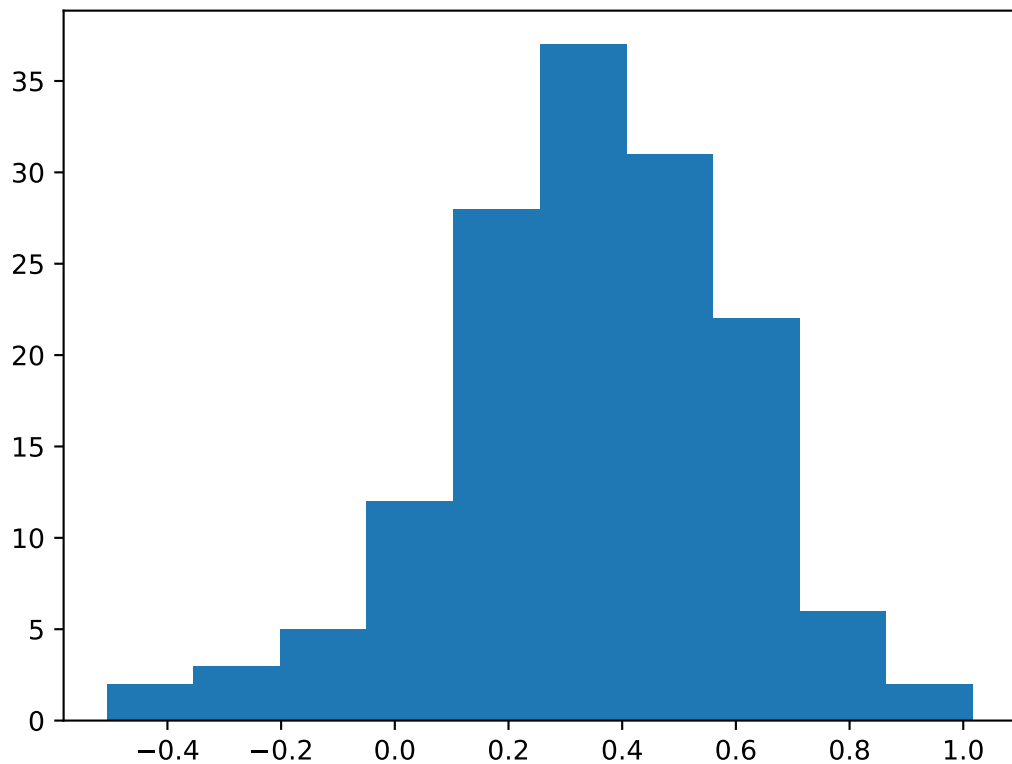

Difference in score per codon Possible - Impossible for HSP90

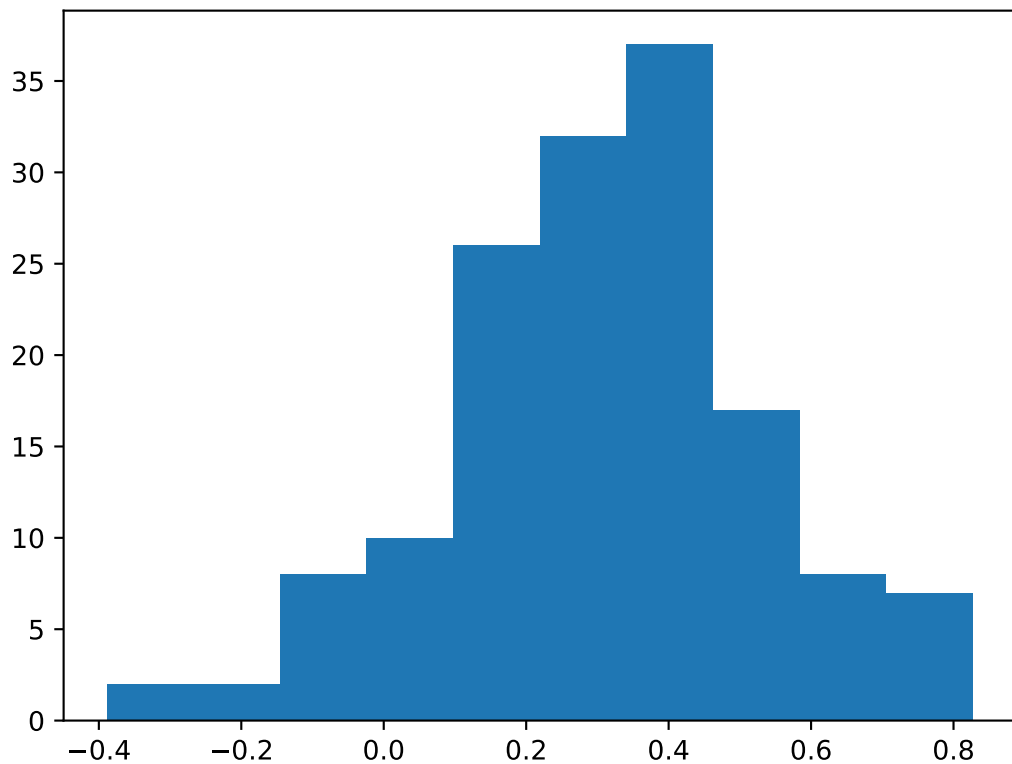

# Difference in score per codon Possible - Impossible for TPMT

Difference in score per codon Possible - Impossible for CALM1

Difference in score per codon Possible - Impossible for CALM1

Difference in score per codon Possible - Impossible for Src catalytic domain
